Significant Changes in the State of Affairs

There were no significant changes to the state of affairs of the Fund during the half-year.

Operating and Financial Review (“OFR”)

The Fund has predominantly maintained its investment strategy in listed equities and currency contracts.

The Fund produced returns of 10.1%¹ for the 6 months to 31 December 2022. The benchmark Morgan Stanley Capital International All Country World Net Index (MSCI) in A\$ terms generated a return of 3.7%² for the same period.

¹Investment returns are calculated using PGF’s net asset value per unit (which does not include the buy/sell spread) and represent PGF’s combined income and capital returns over the specified period. Returns are net of accrued fees and costs, are pre-tax, and assume the reinvestment of distributions.

Index returns assume the reinvestment of dividends from constituent companies, but do not reflect fees and expenses. Platinum does not invest by reference to the weightings of any index or benchmark, and index returns are provided as a reference only. PGF’s underlying assets are chosen through Platinum’s bottom-up investment process and, as a result, PGF’s holdings may vary considerably to the make-up of the index.

The investment returns shown are historical and no warranty can be given for future performance. Historical performance is not a reliable indicator of future performance. Due to the volatility of the underlying assets of PGF and other risk factors associated with investing, investment returns can be negative, particularly in the short-term.

5 Fair value measurement

AASB 13 *Fair Value Measurement* requires the Fund to classify its assets and liabilities held at fair value based on the following fair value hierarchy model:

- a) quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- b) inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (as prices) or indirectly (derived from prices) (level 2); and
- c) inputs for the assets or liabilities that are not based on observable market data (unobservable inputs) (level 3).

The Fund measures and recognises the following assets at fair value on a recurring basis:

- equity securities; and
- forward currency contracts.

The tables on the following page analyses within the fair value hierarchy model, the Fund's assets and liabilities measured at fair value at 31 December 2022.

	31 December 2022				30 June 2022			
	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Financial assets								
Equity securities	31,715	3	-	31,718	27,392	587	-	27,979
Forward currency contracts	-	7	-	7	-	-	-	-
	<u>31,715</u>	<u>10</u>	<u>-</u>	<u>31,725</u>	<u>27,392</u>	<u>587</u>	<u>-</u>	<u>27,979</u>
Total of financial assets	<u>31,715</u>	<u>10</u>	<u>-</u>	<u>31,725</u>	<u>27,392</u>	<u>587</u>	<u>-</u>	<u>27,979</u>

The Fund's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period. There were no transfers between levels 1 and 2 for any assets or liabilities measured at fair value during the half-year.

5 Fair value measurement (continued)

Valuation techniques used to classify assets and liabilities as level 1

The majority of the equity securities held by the Fund are valued using quoted prices in active markets, and these are classified as Level 1 in the fair-value hierarchy model.

Valuation techniques used to classify assets and liabilities as level 2

There are some financial instruments that have been classified as level 2, because there is a degree of adjustment made to the quoted price i.e., whilst all significant inputs required for fair value measurement are observable and quoted on an active market, there is a degree of estimation or adjustment involved in deriving the fair value. Examples include:

- Foreign exchange contracts are classified as level 2, even though forward points are quoted in an active and liquid market. The forward points themselves are based on interest rate differentials; and
- Certain Participatory Notes (“P-Notes”) and warrants are classified as level 2, because they are traded over-the-counter and are often priced in a different currency to the underlying security.

6 Distribution to unitholders

The distributions paid during the half-year were as follows:

	31 December 2022 \$'000	31 December 2022 CPU	31 December 2021 \$'000	31 December 2021 CPU
30 June paid	1,963	6.91	3,618	11.92
	1,963		3,618	

7 Events after the reporting period

There are no matters or circumstances that have arisen since 31 December 2022 that have significantly affected, or may significantly affect the Fund’s operations, the results of those operations, or the Fund’s state of affairs in future financial years.

8 Contingent assets, liabilities and commitments

The Fund have no contingent assets, liabilities or commitments as at 31 December 2022 or 30 June 2022.

In the opinion of the Directors of the responsible entity:

- (a) the financial statements and notes set out on pages 5 to 12 are in accordance with the *Corporations Act 2001*, including:
 - (i) complying with Accounting Standards, the *Corporations Act 2001* and other mandatory professional reporting requirements;
 - (ii) giving a true and fair view of the Fund's financial position as at 31 December 2022 and of its performance for the half-year ended on that date, and
- (b) there are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the directors.

1. giving a true and fair view of the Registered Scheme's financial position as at 31 December 2022 and of its performance for the half-year ended on that date
2. complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report.

We are independent of the Registered Scheme in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Registered Scheme's financial position as at 31 December 2022 and of its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
