Chairman's Report 2008

Performance

The performance of your Company has been adversely impacted by increased volatility in global markets, the sub-prime credit market fall out, rising oil prices, interest rates and inflation, together with a slowing in global growth. Funds Under Management (FUM) declined 29.4% (or \$6.3 billion) over the course of the 2007/2008 year to \$14.9 billion (including the impact of distributions) at 30 June 2008.

The operating profit before tax derived by the consolidated entity for the year ended 30 June 2008 is \$238.7 million (2007: \$275.9 million), which represents a decline of 13.5%. Similarly, operating profit after tax for the year ended 30 June 2008 is \$162.0 million (2007: \$186.2 million) a decline of 13.0%. The reduction in operating profit is owing to:

- a decline in performance share fees of 23.8% from \$37.6 million in 2007 to \$28.7 million in 2008. Performance share fees are volatile, largely in line with absolute investment returns; and
- a decline in management fees of 4.98% from \$251.0 million in 2007 to \$238.5 million in 2008.

Diluted earnings per share for the year ended 30 June 2008 is 27.62 cents per share.

In the short-term, management fees may decline further. Performance share fees are earned in the calendar year and with half of that passed and with absolute performance for the first six months being -9%, it is difficult to foresee, given current market conditions, any performance fees being earned for 2008/2009.

FUM for the years ended 30 June 2008 and 2007, and a breakdown of its composition are shown in the tables below.

FUM for the year ended 30 June 2008

Fund	Opening balance (\$'million)	Flows (\$'million)	Distributions (\$'million)	Investment Performance (\$'million)	Closing balance (\$'million)
Platinum Trust Funds	13,893	(216)	(569)	(2,214)	10,894
MLC-Platinum Global Fund	2,872	(721)	-	(411)	1,740
Management Fee Mandates	1,239	9	-	(195)	1,053
Performance Share Fee Mandates	3,215	(1,534)	-	(402)	1,279
Total	21,219	(2,462)	(569)	(3,222)	14,966

FUM for the year ended 30 June 2007

Fund	Opening balance (\$'million)	Flows (\$'million)	Distributions (\$'million)	Investment Performance (\$'million)	Closing balance (\$'million)
Platinum Trust Funds	11,111	1,893	(334)	1,223	13,893
MLC-Platinum Global Fund	3,188	(630)	-	314	2,872
Management Fee Mandates	953	206	-	80	1,239
Performance Share Fee Mandates	3,733	(441)	-	(77)	3,215
Total	18,985	1,028	(334)	1,540	21,219

FUM at 19 August 2008 was \$15.1billion.

Dividend

The final dividend will be a fully franked final dividend of 12 cents per share payable on 22 September 2008.

This is in addition to the fully franked interim dividend of 12 cents per share paid on 12 March 2008. The total dividend payout ratio is 83% of net profit after tax which is in accordance with the Dividend Policy and consistent with our working capital needs.

The Directors are confident that future dividends will be fully franked.

I note that whilst the Company has a Dividend Reinvestment Plan in place, it is not activated and unlikely to be so in the near-term.

Outlook

For an investment management company, such as Platinum, to forecast earnings requires a view of the future dependent on a number of unknown variables such as: international and Australian currency variations; world share market movements; forecast dividend yields from companies held; likely variations in share prices from forecast share market levels; and to forecast what companies we will indeed be invested in. Additionally, it requires us to forecast fund flows for which we have no sound methodology on which to base a prediction.

Accordingly your Board will not be offering earnings forecasts.

A number of brokers' analysts are covering the stock and you may find some of their reports on the Company's website.

The Board and its Committees

This year, our first full year as a public company, has seen a deal of work undertaken in the Remuneration and Audit Committees.

The Remuneration Committee, chaired by Mr Coleman and in conjunction with the Deputy Chief Investment Officer (Deputy CIO), Mr Clifford, has undertaken an extensive review of the short-term incentive remuneration programme for Platinum's investment team. The programme has been enhanced and continues to align remuneration with investment performance. The Committee, in conjunction with the Deputy CIO, is undertaking a review of the long-term incentive scheme (the Option and Performance Rights Plan (OPRP)) and is introducing a closely targeted medium-term incentive (MTI) remuneration programme. The MTI remuneration will be aligned with investment performance. The Committee is focused on

ensuring the sustainability and succession of Platinum's investment team. Whilst this may increase compensation costs in the shorter term, we believe that resulting improved or sustained investment performance will result in enhanced revenues.

The outcomes of these initiatives will, over time, increase staffing costs, however, it is of critical importance for the succession planning of the Company.

The Audit Committee, chaired by Mrs Towers and in conjunction with Platinum's Compliance and Risk team, has reviewed Platinum's Risk and Compliance Frameworks. It has caused an external review of the Risk Framework which reported that the Risk and Compliance within Platinum was well managed and in accordance with best standards.

Monitoring costs

Expenses incurred by Platinum are closely monitored. The Company has implemented cost savings in a range of areas, other than in compensation, as noted above. This is an ongoing task. However, it should be noted that the majority of costs are largely fixed in nature and so whilst we remain very efficient, the cost control programme will not have a material impact on the bottom line. Owing to both the nature and quantum of costs, the profit is highly leveraged to the change in fortune of the revenue streams.

Environment

Your Company remains carbon neutral, having purchased carbon credits to offset its carbon emissions. Your Company has reduced its level of carbon emissions this year and strives toward further reductions.

Conclusion

This has been a very difficult year for global equity markets and the financial services sector in particular. Your Directors remain optimistic that the Company can generate favourable investment returns for its clients over the medium to longer-term which will result in satisfactory returns to shareholders.

Michael Cole
Chairman

Managing Director's Letter to Shareholders 2008

Investment markets

Markets have been most challenging since evidence of the excesses of the credit cycle first came to light in May 2007.

Our own performance has been adequate rather than good. The bulk of our funds have outperformed in the last 12 months by a few percentage points, but by a smaller margin than investors have come to expect.

At present the market's focus seems to be on:

Growth:

Developed economies are slowing to a snail's pace; developing markets continue to grow but are feeling the effects of diminishing demand for their exports and are being adversely affected by rampaging input costs.

Inflation:

The deflationary pulse from China/Asia is reversing and there are adverse surprises regarding input costs and in the movements of wages in Asia/Russia and other developing regions. Agricultural prices may ease but on account of the fundamental repricing of energy, it is unlikely that they will fall back below the current trading range. Energy prices should stay elevated, albeit lower than the July peaks, as demand destruction in developed countries (eg. dramatic shift to public transport and other measures) is being offset by developing world growth. There is very little tolerance in global supply with incidents such as the Japanese nuclear generator fleet being taken offline, causing extra demand for oil (350,000 barrels per day).

Profits:

Forward earnings are likely to sag in the face of weaker demand and strong cost pressures.

Credit:

Banks are being recapitalised but the magnitude of the write-offs has caused boards to tighten credit standards and we can expect regulatory oversight to stiffen. Re-intermediation will continue and securitisations will be much rarer.

What is coming into view?

Accelerating inflation partly rests on the effects of currency intervention and the consequent massive build-up of foreign exchange reserves in Asia, Russia and the Middle East. Some of this has been sterilised by way of the issue of domestic bonds, but not in sufficient quantities to fully offset the expansionary effect on money supply. Currency intervention will be a hot topic. Note that in China for example, the government still sets both the maximum rate on deposits and the minimum rate at which money can be lent. This has allowed the banks to recapitalise themselves and now, via special reserve requirements, these set rates are throttling the banks ability to lend (the credit multiplier has shrunk to about 5.5 times).

Subsidies are also likely to receive more press. These are widespread across Asia. Apart from the interest rate subsidy mentioned above, there is the whole issue of tax rebates (now being phased out in China), subsidised motor fuels, natural gas prices, electricity prices, fertilisers and so on across the developing world. In the case of India, these subsidies are exploding with the rise in the price of hydrocarbons and food, and at 5% of the economy, threaten the central government's finances.

Just as inflation is starting to really frighten these regimes, with recorded inflation ranging between 7% and 14%, there comes the need to allow the true market price to ration the demand for basic necessities and to allocate resources. This will likely lead to a change in perception about the risk of emerging markets. This has already happened emphatically in the case of last year's top favourite, Vietnam. Seen as the next great miracle, that stock

market has halved in the face of concerns about inflation (at 25%), the weakening Dong, and the foreign borrowings of some state owned enterprises and banks.

This growing concern about developing markets is likely to re-establish the risk premium at higher levels. As we all know, the attraction of superior growth in these countries had completely changed investors' risk/reward perceptions and many of these markets started to be rated on par with developed markets. Some of this new-found faith was always questionable in the case of several resource-rich countries. It was precisely because of their natural resource wealth that their political regimes were intolerant and stymied the development of strong institutions. The natural extension of this is the emerging trend towards resource nationalism - hardly reassuring to owners of capital.

There is also likely to be more attention to corporate earnings. Broker analysts have still barely revised their earnings estimates for next year. The majority of fund managers do not believe the analyst consensus of low teens earnings growth (going by the buy-side surveys) but there is still the glimmer of hope that things will improve in the second half – incidentally we're here now and it doesn't look great.

As a general statement, we can argue that equity markets are most happy when inflation is around 2%, less than that and we find ourselves in the difficult position recently experienced by Japanese companies; customers are highly sensitive to price increases and it is often better to absorb the pressure of costs than to lose sales from "sticker-shock". However, as inflation rises to higher levels it progressively erodes the valuation of equities. This is so for several reasons, some relate to the availability of credit, but of greater importance is the effect of taxation on illusory profits.

Should concerns about rising inflation become embedded, the price investors will pay for forward earnings will deteriorate. It would also lead fund managers to look for those companies that are relatively protected from inflation. This could result in defensive, non-capital intensive businesses to be favoured over those which are pure price takers and have a lot of money tied up in plant and working capital. For example, food retailers would look very good versus steel mills, and of course, steel mills are presently the flavour of the month.

Looking slightly further out, we believe we are at the cross-over point where behaviour must shift in the West. We anticipate savings to rise at the expense of consumption, and the backlog of investment in public infrastructure plus the need to address alternative energy sources and conservation, to make a positive contribution. At the same time one can expect the reverse in China and most of Asia, excluding India, where savings needs to make way for consumption. China is at the extreme where investment and the trade surplus dwarf the consumer, such that one is inclined to believe there will be some painful adjustments as their appreciating exchange rate takes its toll.

Outlook

There are plenty of issues for the market to worry about. Consumers everywhere are feeling the pinch of rising costs, principally food and energy. However, among the richer countries there is also a housing slump, tighter credit and in due course the real prospect of lay-offs. As we have been saying for a while, profits in aggregate will fall as companies face reduced pricing power and higher input costs.

Investors are well aware, however, that the stock market is an anticipatory mechanism and their conundrum is to assess the degree to which current prices already reflect a miserable outlook. Our view is that the magnitude and length of the boom was such that investors are likely to still view the future with a slightly rose-tinted blush. Unlike the tech wreck of 2001, at the peak of this boom there were fewer obvious places to hide because of the convergence of valuations, with the good being cheaper than the bad, but not cheap enough to deal with profit downgrades. This is rapidly changing and those companies with the qualities we sought and highlighted last year, namely having prominent business positions that supports pricing power; no or low debt; margins close to trend and valuations that are below their historic average, now represent good absolute value.

Our Business

Our business tends to be highly sensitive to stock market conditions. Though our funds tend to out-perform in weak markets, investors nevertheless become impatient and some engage in market timing which can reduce new applications and result in net redemptions. In addition, the value of our funds (FUM) will to some extent mirror the loss in global market capitalisations which translates into reduced fees. As our cost base is already frugal and largely fixed, the effect of the above is to produce a disproportionate deterioration of profits.

This we cannot avoid. We are, however, looking at various avenues to awaken investor interest in our products and continue to assiduously develop the investment team and the investment decision making process. In this regard we have made good progress with our knowledge-sharing platform, our information screens are proving valuable and communication among team members is good.

As you might imagine with 23 analysts working on quite discrete industries and companies, the challenge is to bring order to diverse sets of information and understanding and to then synthesise it into coherent portfolios comprising individual stocks. Another hurdle for a fund manager that follows a stock-picking approach (as opposed to hugging the in-crowd) is to avoid acting too early. We have an excellent record of anticipating emerging themes but need to improve our degree of anticipation.

We continue with our business development plans, having registered a subsidiary in Singapore, and plan to offer our services to offshore long-term investors throughout Asia and the Middle East. Additionally we plan to offer our services to the Australian institutional market.

Conclusion

The business is on a sound footing and our funds are relatively well positioned for the testing markets we anticipate. Performance remains the key and we are positive on our prospects to deliver superior returns than the field.

Kerr Neilson
Managing Director

Substantial Shareholders

The following parties have notified the Company that they have a substantial relevant interest in the ordinary shares of Platinum Asset Management Limited as at 18 August 2008:

	Number of Shares	%

Voting Rights

Ordinary Shares

On a show of hands, every member present in person or represented by a proxy or representative shall have one vote and on a poll, every member who is present in person or represented by a proxy or representative shall have one vote for every share held by them.

Working Capital

In accordance with ASX Listing Rule 4.10.19, Platinum Asset Management Limited has used its working capital in a way consistent with its business objective.

Platinum's Commitment to Carbon Neutrality

Platinum Asset Management remains carbon neutral, having purchased carbon credits to offset its carbon emissions. Your Company has reduced its level of carbon emissions this year and strives toward further reductions.

Distribution of Annual Report to Shareholders

The Law allows for a "opt in" regime in which shareholders will only receive a printed "hard copy" version of the Annual Report if they request one.

The Directors have decided to mail out the 2008 Annual Report to all shareholders, unless they have opted out. This position will be kept under review. Please communicate your views to the Company Secretary at invest@platinum.com.au.

Questions for the AGM

If you would like to submit a question prior to the AGM for it to be addressed at the AGM, please e-mail your question to invest@platinum.com.au.

Financial Calendar

Ordinary Shares trade ex-dividend	26 August 2008
Record (books close) date for final dividend	1 September 2008
Final dividend paid	22 September 2008
Annual General Meeting	4 November 2008

These dates are indicative and may be changed

DIRECTORS' REPORT

Your Directors present their report on the consolidated entity consisting of Platinum Asset Management Limited (the "**Company**") and the entities it controlled at the end of, or during, the year ended 30 June 2008.

Directors

The following persons were Directors of the Company at the end of the financial year and up to the date of this report:

Michael Cole	Chairman and Non-Executive Director
Bruce Coleman	Non-Executive Director
Margaret Towers	Non-Executive Director
Kerr Neilson	Managing Director
Malcolm Halstead	Finance Director and Company Secretary

Principal Activity

The Company is the non-operating holding company of Platinum Investment Management Limited. Platinum Investment Management Limited, trading as Platinum Asset Management, operates a funds management business.

Changes in the State of Affairs

There were no significant changes in the state of affairs of the Company that occurred during the year not otherwise disclosed in this report or the financial statements.

Trading Results

The profit after tax of the consolidated entity for the year was \$161,952,000 (2007: \$186,173,000) after income tax expense of \$76,749,000 (2007: \$89,718,000).

Dividends

Since the end of the financial year, the Directors have declared the payment of a 12 cents per share (\$67,320,000) fully franked dividend payable to shareholders on 22 September 2008.

A fully franked interim dividend of 12 cents per share (\$67,320,000) was paid on 12 March 2008.

Review of Operations

The consolidated profit before tax was \$238,701,000 (2007: \$275,891,000).

Events Subsequent to the End of the Financial Year

Since the end of the financial year, the Directors are not aware of any matter or circumstance not otherwise dealt with in this report or financial statements that has significantly affected the operations of the Company, the results of those operations or the state of affairs of the Company in subsequent financial periods.

Likely Developments and Expected Results of Operations

The Company continues to pursue its business objectives, by continuing to be the holding company of the Platinum Asset Management funds management business. The methods of operating the consolidated entity are not expected to change in the foreseeable future.

Rounding of Amounts

The consolidated entity is of a kind referred to in the Australian Securities & Investments Commission's Class Order 98/0100 (as amended) and consequently amounts in the Directors' Report and financial statements have been rounded to the nearest thousand dollars in accordance with that Class Order, unless otherwise indicated.

Environmental Regulation

The consolidated entity is not subject to any particular or significant environmental regulations under Commonwealth, State or Territory Law.

Auditor

PricewaterhouseCoopers has been appointed Auditor in accordance with section 327 of the *Corporations Act 2001*.

Non-Audit Services

Details of amounts paid or payable to the Auditor (PricewaterhouseCoopers) for audit and non-audit services provided during the year are set out on the following page.

DIRECTORS' REPORT continued

The Directors, in accordance with advice received from the Audit Committee, are satisfied that the provision of non-audit services is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*. The Directors are satisfied, considering the nature and quantum of the non-audit services, that the provision of non-audit services by the Auditor, as set out below, did not compromise the auditor independence requirements of the *Corporations Act 2001*.

	2008 \$	2007 \$
Audit services - Statutory	271,041	258,916
Taxation services - Compliance	539,380	342,805
Taxation services - Advice	8,755	18,667
Taxation services - Foreign tax agent	13,755	16,857
Assurance services - Risk management	58,100	-
Advisory services - IPO, restructuring and related costs*	944,559	935,260
Total remuneration	1,835,590	1,572,505

*For 2008, the advisory services provided by PricewaterhouseCoopers predominantly related to taxation and legal work associated with the payment of stamp duty, arising from the restructure of the Company, prior to the offer of shares to the public in the 2007 IPO.

Auditor's Independence Declaration

A copy of the Auditor's Independence Declaration as required under section 307C of the *Corporations Act 2001* is set out on page 7.

Information on Directors

Michael Cole B Econ, M Econ, F Fin

Independent Non-Executive Director, Chair and member of the Audit and Remuneration Committees since 10 April 2007. (Age 60)
Mr Cole has over 30 years experience in the investment banking and funds management industry. He was an Executive Director/Executive Vice President at Bankers Trust Australia for over 10 years. Mr Cole remains Chairman of Ironbark Capital Limited.

Bruce Coleman B Sc, B Com, CA, F Fin

Remuneration Report (audited)

Principles used to determine the nature and amount of remuneration

The Executive Directors review and determine the remuneration of the Non-Executive Directors and may utilise the services of external advisors. It is the policy of the Board to remunerate at market rates commensurate with the responsibilities borne by the Non-Executive Directors. The remuneration of the Directors is not linked to the performance or earnings of the Company or consolidated entity.

Directors' fees

Non-Executive Directors' base remuneration is reviewed annually.

DIRECTORS' REPORT continued

Retirement benefits for Directors

No retirement benefits (other than mandatory superannuation) are provided to Directors.

Other benefits (including termination) and incentives

No other benefits and incentives are paid to Directors.

Details of Remuneration

Non-Executive Directors

All remuneration of the Non-Executive Directors is paid by Platinum Investment Management Limited. The Non-Executive Directors received the following amounts during the financial year.

	Short-term Benefits Salary	Post-employment Benefits Superannuation	Total
	\$	\$	\$
<i>Name</i>			
M Cole	200,000	13,129	213,129
B Coleman	175,000	13,129	188,129
M Towers	175,000	13,129	188,129
<i>Total remuneration</i>	<u>550,000</u>	<u>39,387</u>	<u>589,387</u>

Executive Directors

AASB 124: *Related Party Disclosures* defines key management personnel as "persons having authority and responsibility for planning, directing and controlling activities of the entity". The only employees that have this authority and responsibility are the Directors of Platinum Asset Management Limited.

Other than those disclosed below, there are no employees that hold an executive position within the Company.

Key management personnel compensation

The Executive Directors (K Neilson and M Halstead) are employed by Platinum Investment Management Limited and receive their remuneration from Platinum Investment Management Limited.

AASB 124 requires compensation provided by the Company or on behalf of the Company to be disclosed.

A portion of the compensation paid by Platinum Investment Management Limited to its employees is in relation to managing the affairs of the Company. Platinum Investment Management Limited has not made any determination as to what proportion of its employees' compensation relates to the Company. Platinum Investment Management Limited paid: K Neilson a salary of \$313,132 (2007:\$207,575) and superannuation of \$99,997 (2007:\$105,111) and M Halstead a salary of \$313,130 (2007:\$250,000), and superannuation of \$49,999 (2007:\$12,686).

For the full financial year, A Clifford was a Director of the operating subsidiary, Platinum Investment Management Limited. A Clifford was paid a salary of \$313,130 (2007: \$220,302), superannuation of \$49,999 (2007: \$42,384) and non-monetary benefits of \$nil (2007: \$3,415).

The Executive Directors did not receive any short-term or long-term incentives, other than salary and superannuation.

Interests of Non-Executive and Executive Directors in Shares

The relevant interest in ordinary shares of the Company that each Director has at balance date is as follows:

<i>Name</i>	Balance 1/7/07	Acquisitions	Disposals	Balance 30/6/08
M Cole	200,000	100,000	-	300,000
B Coleman	200,000	-	-	200,000
M Towers	20,000	-	-	20,000
K Neilson	322,074,841	-	-	322,074,841
M Halstead	22,834,931	-	-	22,834,931

Share-Based Compensation

No Options or Performance Rights have been granted to any Non-Executive or Executive Directors.

DIRECTORS' REPORT continued

Service Agreements

Remuneration and other terms of employment for the Non-Executive Directors are formalised in service agreements. The Executive Directors do not have service agreements, as they are employees of the Investment Manager, Platinum Investment Management Limited.

M Cole, Chairman and Non-Executive Director

- No term of agreement has been set unless the Director is not re-elected by shareholders of the Company.
- Base annual salary, inclusive of superannuation is \$213,129.

B Coleman, Non-Executive Director

- No term of agreement has been set unless the Director is not re-elected by shareholders of the Company.
- Base annual salary, inclusive of superannuation is \$188,129.

M Towers, Non-Executive Director

- No term of agreement has been set unless the Director is not re-elected by shareholders of the Company.
- Base annual salary, inclusive of superannuation is \$188,129.

Directors' Interests in Contracts

The Directors receive remuneration and dividends which are ultimately derived from the net income arising from Platinum Investment Management Limited's investment management contracts.

Directors' Insurance

During the year, Platinum Investment Management Limited incurred a premium in respect of a contract for indemnity insurance for the Directors and Officers of the Company named in this report.

This report is made in accordance with a resolution of the Directors.

Auditor's Independence Declaration

As lead Auditor for the audit of Platinum Asset Management Limited and its controlled entities for the year ended 30 June 2008, I declare that to the best of my knowledge and belief, there have been:

- a) no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- b) no contraventions of any applicable code of professional conduct in relation to the audit.

This declaration is in respect of Platinum Asset Management Limited and its controlled entities during the period.

CORPORATE GOVERNANCE STATEMENT

The Board of Platinum Asset Management Limited ABN 13 050 064 287 (the “**Company**”) is committed to achieving and demonstrating high standards of corporate governance. To this end, the Board looks to the *Corporate Governance Principles and Recommendations* (“**Governance Principles**”) set by the Corporate Governance Council of the Australian Securities Exchange (“**ASX**”).

A description of the Company’s main corporate governance practices is set out below.

The Company and its controlled entities together are referred to as “**the Group**” in this Statement.

Company policies, Charters and codes referred to in this Statement are provided in the 'Shareholder Corporate Governance' section of the Company's website at www.platinum.com.au (“**Company’s website**”).

1. The Board of Directors

M Cole (Chair)

B Coleman

M Towers

K Neilson

M Halstead

The Board operates in accordance with its Charter – a copy is available from the Company's website. The Charter details the functions and responsibilities of the Board.

1.1 Role of the Board

The role of the Board is to oversee the activities of the Executive Directors, ensuring the Company operates in compliance with its regulatory environment and good corporate governance practices are adopted.

1.2 Responsibilities of the Board

The principal responsibilities of the Board include:

- . considering and approving the strategy of the Company;
- . monitoring the performance and financial position of the Company;
- . assessing both the performance of management and itself;
- . overseeing the integrity of financial accounts and reporting;
- . reviewing the operations and findings of the Company's risk management, compliance and control frameworks; and
- . monitoring the Company's compliance with regulatory, legal and ethical standards.

1.3 Composition of the Board

The Board comprises two Executive Directors (K Neilson and M Halstead) and three Non-Executive Directors (M Cole, B Coleman and M Towers). The qualifications, experience and term of office of the Directors are provided in the Directors' Report on page 4.

The Board has determined (according to the criteria summarised below) that M Cole (the 'Chair' of the Board), B Coleman and M Towers are 'independent' Non-Executive Directors.

Director Independence

In consideration of the Governance Principles, the Board defines an 'independent director' to be a person who:

- . is not a substantial Shareholder of the Company or an officer of, or otherwise associated directly with, a substantial Shareholder of the Company;
- . has not, within the last three years, been employed in an executive capacity by the Company or another group member, or been a Director after ceasing to hold any such employment;
- . has not, within the last three years, been a principal of a material professional adviser or a material consultant to the Company or another group member, or an employee materially associated with the service provided;
- . is not a material supplier or customer of the Company or another group member, or an officer of or otherwise associated directly or indirectly with, a material supplier or customer;
- . has no material contractual relationship with the Company or another group member, other than as a Director of the Company;
- . has not served on the Board for a period which could, or could reasonably be perceived to, materially interfere with the Director's ability to act in the best interests of the Company; and
- . is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the Director's ability to act in the best interests of the Company.

The Board determines 'materiality' on both a quantitative and qualitative basis. An item that affects the Company's net assets by approximately 5% or affects the Company's distributable income in a forecast period by more than approximately 5% of the Company's net profit before tax is likely to be material. However, these quantitative measures are supplemented with a qualitative examination, as the facts and the context in which the item arises will influence the determination of materiality.

1.4 Chair of the Board and Managing Director

The roles of Chair and Managing Director are separate roles to be undertaken by different people.

The Chair is responsible for leading the Board, ensuring that the Board's activities are organised and efficiently conducted and for ensuring Directors are properly briefed for meetings.

The Managing Director is responsible for the management and operation of the Company. Those powers not specifically reserved to the Board under its Charter and which are required for the management and operation of the Company, are conferred on the Managing Director.

1.5 Recommendation 2.4 - Establishment of a Nomination Committee

Recommendation 2.4 of the Governance Principles provides that 'the board should establish a nomination committee'. Such a committee is mandated with reviewing, assessing and recommending changes to the company's process for evaluating, selecting and appointing directors.

Given the size of the Company and the Board, the Board considers a nomination committee is not warranted.

The entire Board undertakes the role.

The Board considers the following when evaluating, selecting and appointing Directors:

- . the candidate's competencies, qualifications and expertise and his/her fit with the current membership of the Board;
- . the candidate's knowledge of the industry in which the Company operates;
- . directorships previously held by the candidate and his/her current commitments to other boards and companies;
- . existing and previous relationships with the Company and Directors;
- . the candidate's independence status and the need for a majority balance on the Board; and
- . requirements of the *Corporations Act 2001*, ASX Listing Rules, the Company's Constitution and Board Policy.

The Board seeks to ensure that:

- . its membership represents an appropriate balance between Directors with experience and knowledge of the Group and Directors with an external or fresh perspective; and
- . the size of the Board is conducive to effective discussion and efficient decision-making.

CORPORATE GOVERNANCE STATEMENT continued

1.6 Director Term of Office

The Company's Constitution provides:

- . an election of Directors must be held at each AGM and at least one Director (but not the Managing Director) must retire from office; and
- . each Director (but not the Managing Director) must retire from office at the third AGM following their last election.

Where eligible, a Director may stand for re-election.

1.7 Independent Professional Advice

The Board of Directors' Charter provides that the Directors may (in connection with their duties and responsibilities) seek independent professional advice at the Company's expense, after first notifying the Board. The Board will review the estimated costs for reasonableness, but will not impede the seeking of advice.

1.8 Performance Assessment

The Board of Directors' Charter requires:

- . the Board to review its performance (at least annually) against previously agreed measurable and qualitative indicators;
- . the Chair of the Board to review each Director's performance;
- . a nominated Director to review the Chair's performance; and
- . the Board to undertake a formal annual review of its overall effectiveness, including its Committees.

These assessments were undertaken during June 2008.

As a result of these assessments, the Board may implement changes to improve the effectiveness of the Board and corporate governance structures.

2. Board Committees

The Board has established a number of committees to assist in the execution of its duties and to allow detailed consideration of complex issues.

Current committees of the Board are the Audit and Remuneration Committees. Each is comprised entirely of Non-Executive Directors. The committee structure and membership is reviewed on an annual basis.

Each Committee has its own written Charter setting out its role and responsibilities, composition, structure, membership requirements and the manner in which the Committee is to operate. All matters determined by Committees are submitted to the full Board as recommendations for Board decisions.

Minutes of a Committee meeting are tabled at the subsequent Board meeting. Additional requirements for specific reporting by the Committees to the Board are addressed in the Charter of the individual Committees.

2.1 Audit Committee

The Audit Committee consists of three Non-Executive and 'independent' Directors:

M Towers (Chair of the Committee), M Cole, and B Coleman.

Each member of the Committee has the appropriate financial expertise and industry understanding to perform their role. M Towers and B Coleman are Chartered Accountants, and M Cole is a finance professional. A summary of the Directors' qualifications and attendance at Audit Committee meetings is provided in the Directors' Report.

The Audit Committee operates according to its Charter, which is available on the Company's website.

The principal role of the Committee is to assist the Board in fulfilling its responsibilities relating to the financial reporting and accounting practices of the Company. Its key responsibilities are to:

- . review the financial information presented by management;
- . consider the adequacy and effectiveness of the Company's administrative, operating and accounting controls as a means of ensuring the Company's affairs are being conducted by management in compliance with legal, regulatory and policy requirements;
- . review any significant compliance issues affecting the Company and monitor actions taken by management;
- . review recommendations from the Finance Director and/or external Auditor on key financial and accounting principles to be adopted by the Company; and
- . recommend to the Board the appointment of external auditors and monitor the conduct of audits.

The Audit Committee has authority (within the scope of its responsibilities) to seek any information it requires from any Group employee or external party.

Members may also meet with Auditors (internal and/or external) without management present, and consult independent experts where the Committee considers it necessary to carry out its duties.

2.2 Remuneration Committee

The Remuneration Committee consists of three Non-Executive and 'independent'

Directors: B Coleman (Chair of the Committee), M Cole, and M Towers.

Attendance at Remuneration Committee meetings is provided in the Directors' Report.

The Remuneration Committee operates according to its Charter, which is available on the Company's website.

The Committee advises the Board on remuneration and incentive policies and practices generally and makes specific recommendations on remuneration packages and other terms of employment for Executive Directors, other Senior Executives and Non-Executive Directors.

Members of the Remuneration Committee have access to the Company's officers and advisers, and may consult independent experts where the Committee considers it necessary to carry out its duties.

Remuneration Policies

Remuneration for the Executive Directors consists of salary, bonuses or other elements. Any equity based remuneration for Executive Directors will be subject to Shareholder approval where required by ASX Listing Rules.

Remuneration for Non-Executive Directors must not exceed in aggregate a maximum sum which shareholders fix in general meeting. The current maximum aggregate amount fixed by shareholders is \$2 million per annum (including superannuation contributions). This amount was fixed by Shareholders at the 10 April 2007 general meeting.

Executive and Non-Executive Directors may also be reimbursed for their expenses properly incurred as Directors.

Further information is provided in the Remuneration Report.

Remuneration Paid

Remuneration paid to the Executive and Non-Executive Directors for the 2007/2008 reporting year is set out on page 5 of the Directors' Report.

3. External Auditors

The Company's policy is to appoint external auditors who clearly demonstrate quality and independence. The performance of the external Auditor is reviewed annually and applications for tender of external audit services are requested as deemed appropriate, taking into consideration assessment of performance, existing value and tender costs.

On 22 February 2007, PricewaterhouseCoopers was appointed as external Auditor to the Company. It is PricewaterhouseCoopers policy to rotate audit engagement partners on listed companies at least every five years.

An analysis of fees paid to the external Auditor, including a break-down of fees for non-audit services, is provided in the Directors' Report.

It is the policy of the external Auditor to provide an annual declaration of its independence to the Audit Committee.

The external Auditor will attend the Company's AGM and be available to answer Shareholder questions about the conduct of the audit and the preparation and content of the Audit Report.

CORPORATE GOVERNANCE STATEMENT continued

4. Company Policies

4.1 Directors' Code of Conduct

The Board has adopted a Directors' Code of Conduct which is based upon the Australian Institute of Company Directors' Code of Conduct. It requires the Directors to act honestly, in good faith, and in the best interests of the Company as a whole, whilst in accordance with the letter (and spirit) of the law. A copy of the Directors' Code of Conduct is available on the Company's website.

4.2 Trading in Company Securities

All Directors and staff of the Group must comply with the PTM Share Trading Policy. In summary, the policy prohibits trading in Company Securities:

- . when aware of unpublished price-sensitive information;
- . from the first day of the month until announcement of the Company's monthly funds under management figure to the ASX;
- . from 31 December (each year) until announcement of the Company's half-yearly financial results to the ASX;
- . from 30 June (each year) until announcement of the Company's annual financial results to the ASX; and
- . during any other black-out period (as notified).

Directors and staff are prohibited from entering into transactions in associated products which operate to limit the economic risk of holding PTM shares over unvested entitlements.

A copy of this policy is available on the Company's website.

4.3 Financial Reporting

In respect of the year ended 30 June 2008, the Managing Director and Finance Director have made the following certifications to the Board:

- . The Company's financial reports are complete and present a true and fair view, in all material respects, of the financial condition and operational results of the Company and the Group and are in accordance with relevant Accounting Standards.
- . The above statement is founded on a sound system of risk management and internal compliance and control which implements the policies adopted by the Board and that the Company's risk management and internal compliance and control system is operating efficiently and effectively in all material respects.

4.4 Continuous Disclosure

The Board is committed to:

- . the promotion of investor confidence by ensuring that trading in PTM shares takes place in an efficient, competitive and informed market;
- . complying with the Company's disclosure obligations under the ASX Listing Rules and the Corporations Act; and
- . ensuring the Company's stakeholders have the opportunity to access externally available information issued by the Company.

The Company Secretary is responsible for coordinating the disclosure of information to Regulators and shareholders, and ensuring that any notifications/reports to the ASX are promptly posted on the Company's website.

A copy of the Continuous Disclosure Policy is available on the Company's website.

4.5 Shareholder Communication

The Board has adopted a Communications Plan which describes the Board's policy for ensuring that shareholders and potential investors of the Company receive or obtain access to information publicly released by the Company. The Company's primary portals are its website, Annual Report, AGM, half-yearly financial report, Quarterly Investment Report and monthly notices to the ASX. The Company Secretary oversees and coordinates the distribution of all information by the Company to the ASX, shareholders, the media and the public. A copy of the Communication Plan is available on the Company's website.

4.6 Risk Management and Compliance

The Board, through the Audit Committee, is responsible for ensuring that:

- . there are effective systems in place to identify, assess, monitor and manage the risks of the Company; and
- . internal controls and arrangements are adequate for monitoring compliance with laws and regulations applicable to the Company.

The Group has implemented risk management and compliance frameworks based on AS/NZS 4360:2004 Risk Management Standard and AS 3806-2006 Compliance Programs. These frameworks (together with the Group's internal audit function) ensure that:

- . emphasis is placed on maintaining a strong control environment;
- . accountability and delegations of authority are clearly identified;
- . risk profiles are in place and regularly reviewed and updated;
- . timely and accurate reporting is provided to management and respective committees; and
- . compliance with the laws (applicable to the Company) and the Group's policies (including business rules of conduct) is communicated and demonstrated.

Management has reported to the Board as to the effectiveness of the Company's management of its material business risks.

A summary of the Risk Management Policy is available on the Company's website.

4.7 Business Rules of Conduct

Platinum's Business Rules of Conduct ("**BROC**") applies to all staff of the Group. A redacted copy is available on the Company's website. It communicates the appropriate standards of behaviour, provides a framework for the workplace, and informs staff of their responsibilities with respect to legal compliance, confidentiality and privacy, conflicts of interest, investment activities and operational processes.

Compliance is monitored by the Compliance team. Regular training sessions are provided by the Compliance Manager. All employees are asked to sign an annual declaration confirming their compliance with the BROC and the Group's policies.

NOTES TO THE FINANCIAL STATEMENTS

30 June 2008

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of the financial report are set out below. These policies have been consistently applied to all periods presented, unless otherwise stated. The financial report includes separate financial statements for Platinum Asset Management Limited as an individual entity and the consolidated entity consisting of Platinum Asset Management Limited and its subsidiaries.

(a) Basis of Preparation

This general purpose financial report has been prepared in accordance with Australian Equivalents to International Financial Reporting Standards (AIFRS), other authoritative pronouncements of the Australian Accounting Standards Board, Urgent Issues Group Interpretations and the *Corporations Act 2001*.

Compliance with IFRS

Australian Accounting Standards include Australian Equivalents to International Financial Reporting Standards (AIFRS). Compliance with AIFRS ensures that the consolidated financial statements, and notes thereto, comply with International Financial Reporting Standards (IFRS).

Historical Cost Convention

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of "financial assets held at fair value through profit or loss".

The preparation of the financial statements in conformity with AIFRS requires the use of certain critical accounting estimates and judgments, of which other than what is included in the accounting policies below, there are none.

(b) Principles of Consolidation

The consolidated financial statements incorporate the assets and liabilities of all subsidiaries controlled by Platinum Asset Management Limited (the "Company" or "Parent Entity") as at 30 June 2008 and the results of all controlled entities for the year then ended. Platinum Asset Management Limited and its subsidiaries together are referred to in this financial report as "the consolidated entity" or "Group".

Subsidiaries are those entities over which the Company has the power to govern the financial and operating policies, generally accompanying a shareholding of more than one-half of voting rights. The existence or effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Company controls another entity.

Where control of an entity is obtained during the financial year, its results are included in the consolidated Balance Sheet from the date control commences. Where control of an entity ceases during a financial year, its results are included for that part of the year during which control existed.

The effects of all transactions between entities in the consolidated entity are eliminated in full. Accounting policies of various companies within the consolidated entity have been changed to ensure consistency with those policies adopted by the consolidated entity.

Minority interests in the results and equity of subsidiaries are shown separately in the consolidated Income Statement and Balance Sheet. The purchase method of accounting is used to account for the acquisition of subsidiaries by the Group.

The Group allies a policy of treating transactions with minority interests as transactions with equity owners of the Group. For purchases from minority interests the difference between any consideration paid and the relevant share acquired of the carrying net assets of the subsidiary is deducted from equity.

(c) Income Tax

The income tax expense or benefit for the period is the tax payable on the current period taxable income based on the current income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences between the tax bases of assets and liabilities and their carrying amounts in the financial statements, and to unused tax losses.

Under AASB 112: *Income Taxes*, deferred tax balances are determined using the Balance Sheet method which calculates temporary differences based on the carrying amounts of an entity's assets and liabilities in the Balance Sheet and their associated tax bases.

Tax Consolidation Legislation

In accordance with the (Australian) *Income Tax Assessment Act* (1997), Platinum Asset Management Limited is the head entity of the tax consolidated group which includes Platinum Asset Management Limited, Platinum Asset Pty Limited, Platinum Investment Management Limited and McRae Pty Limited.

(d) Financial Assets held at Fair Value through Profit or Loss

Under AASB 139: *Financial Instruments: Recognition and Measurement*, investments (including derivatives) are classified in the Balance Sheet as "financial assets held at fair value through profit or loss". These financial assets are initially recognised at fair value, typically represented by cost excluding transaction costs, which are expensed as incurred. Financial assets are measured at fair value and exclude transaction costs. Investment values are based on quoted "bid" prices on long securities and quoted "ask" prices on securities sold short.

Gains and losses arising from changes in the fair value of the financial assets are included in the Income Statement in the period in which they arise.

(e) Transaction Costs

Initial measurement (cost) on acquisition of trading securities shall not include directly attributable transaction costs such as fees and commissions paid to agents. Incremental transaction costs are expensed as incurred in the Income Statement.

NOTES TO THE FINANCIAL STATEMENTS continued

30 June 2008

(f) Foreign Currency Translation

Items included in the financial statements of each of the entities in the consolidated group are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The consolidated financial statements are presented in Australian dollars, which is the Company's functional and presentation currency.

Transactions denominated in foreign currencies are translated into Australian currency at the rates of exchange prevailing on the date of the transaction. Foreign currency assets and liabilities existing at balance date are translated at exchange rates prevailing at balance date. Resulting exchange differences are brought to account in determining profit and loss for the year.

(g) Revenue Recognition

Management, Administration and Performance Fees

Management, administration and performance fees are recognised as they are earned and all expenses are brought to account on an accruals basis.

Interest Income

Interest income is recognised in the Income Statement using the effective interest method, which allocates income over the relevant period.

Dividend Income

Dividend income is brought to account on the applicable ex-dividend date.

(h) Directors' Entitlements

Liabilities for Directors' entitlements to fees are accrued at nominal amounts calculated on the basis of current fees rates.

Contributions to Directors' superannuation plans are charged as an expense as the contributions are paid or become payable.

(i) Cash and Cash Equivalents

For the purposes of the Cash Flow Statement, cash includes deposits at call and cash at bank, which are readily convertible to cash on hand.

Cash at the end of the financial year, as shown in the Cash Flow Statement, is reconciled to the related item in the Balance Sheet.

(j) Receivables

All receivables are recognised as and when they are due.

Debts which are known to be uncollectible are written off. A provision for doubtful debts is raised when there is evidence the amount will not be collected.

(k) Payables

All payables and trade creditors are recognised as and when the Company becomes liable.

(l) Employee Entitlements

Liabilities for employees' entitlements to salaries, annual leave, sick leave are accrued at nominal amounts calculated on the basis of current salary rates. Liabilities for long service leave which are not to be paid or settled within 12 months of balance date, are accrued in respect of all employees at the present values of future amounts. Contributions to employee superannuation plans are charged as an expense as the contributions are paid or become payable.

(m) Share-Based Payments

Platinum Asset Management Limited operates an Option and Performance Rights Plan (OPRP) in which certain employees of its subsidiary, Platinum Investment Management Limited were granted Options or Performance Rights in 2007. Information relating to the OPRP is set out in Note 8.

AASB Interpretation 11 AASB 2: *Group and Treasury Share Sale Transactions* addresses whether certain types of share-based payment transactions should be accounted for as equity-settled or as cash-settled transactions and specifies the accounting in a subsidiary's financial statements for share-based payment arrangements involving equity instruments of the parent. The Group has applied this Standard with the impact being that the expense related to grants made during the year being recognised in the employing entity.

The fair value of options granted under the OPRP is recognised in the consolidated accounts as an expense with a corresponding increase in equity. The fair value is measured at grant date and recognised over the period during which the employees become unconditionally entitled to the Options.

The fair value at grant date is independently determined using a Black-Scholes option pricing model that takes into account the exercise price, the term of the Options or Performance Rights, the impact of dilution, the share price at grant date, expected price volatility of the underlying share, the expected dividend yield and the risk-free interest rate for the term of the Options or Performance Rights.

At each balance date, the consolidated entity revises its estimates of the number of Options and Performance Rights that are expected to become exercisable. The OPRP expense recognised each period takes into account the most recent estimate. The impact of any revision to the original estimate will be recognised in the Income Statement with the corresponding adjustment to equity.

(n) Contributed Equity

Ordinary shares are classified as equity.

(o) Earnings per Share

(i) Basic earnings per share

Basic earnings per share is determined by dividing the profit attributable to equity holders by the weighted average number of shares outstanding during the financial year.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figure used to determine basic earnings per share to take into account the Options and Performance Rights issued under the OPRP (see Note 8).

NOTES TO THE FINANCIAL STATEMENTS continued

30 June 2008

(p) Depreciation

Fixed assets are stated at historical cost less depreciation. Fixed assets (other than in-house software) are depreciated over their estimated useful lives using the diminishing balance method.

The expected useful lives are as follows:

Computer Equipment	4 years
Software	2.5 years
In-house Software	4 years
Communications Equipment	4 - 20 years
Office Fitout	5 - 13 1/3 years
Office Furniture & Equipment	5 - 13 1/3 years

(q) Rental Expense

Platinum Investment Management Limited has entered into a lease agreement for the premises it occupies and pays rent on a monthly basis. Details of the financial commitments relating to the lease are included in Note 16.

(r) Rounding of Amounts

The consolidated entity is of a kind referred to in the Australian Securities & Investments Commission's Class Order 98/0100 (as amended) and consequently amounts in the financial report and financial statements have been rounded to the nearest thousand dollars in accordance with that Class Order, unless otherwise indicated.

(s) Goods and Services Tax (GST)

Revenue, expenses and assets are recognised net of the amount of associated GST, unless the GST is not recoverable from the tax authority. In this case, it is recognised as part of the cost of the acquisition of the asset or has been expensed.

Cash flows are presented on a gross basis.

(t) New Accounting Standards and Interpretations

Certain new accounting standards and interpretations have been published that are not mandatory for the 30 June 2008 reporting period. The Company's and consolidated entity's assessment of the impact of these new standards and interpretations is set out below:

(i) Revised AASB 101: *Presentation of Financial Statements* and AASB 2007-8: *Amendments to Australian Accounting Standards arising from AASB 101*

A revised AASB 101 was issued in September 2007 and is applicable to annual reporting period beginning on or after 1 January 2009. It requires the presentation of a Statement of Comprehensive Income and makes changes to the Statement of Changes in Equity, but will not affect any of the amounts recognised in the financial statements. If an entity has made a prior period adjustment or re-classifies items in the financial statements, the entity will need to disclose a third Balance Sheet (Statement of Financial Position), this one being at the beginning of the comparative period. The Company and consolidated entity have not adopted this standard early.

(ii) AASB 8: *Operating Segments* and AASB 2007-3: *Amendments to Australian Accounting Standards (AASB 107 & AASB 134)*

AASB 8 and AASB 2007-3 are applicable to annual reporting periods beginning on or after 1 January 2009. AASB 8 requires the adoption of a "management approach" to disclosing information about its reportable segments. Generally, the financial information will be reported on the same basis as is used internally by the chief decision maker for evaluating operating segment performance and deciding how to allocate resources to operating segments. The amendments may have an impact on the Company's and consolidated entity's segment disclosures. However, the amendment will not affect any of the amounts recognised in the Company's or consolidated entity's financial statements. The Company and consolidated entity have not adopted this standard early.

(iii) AASB 3: *Business Combinations* and AASB 127: *Consolidated and Separate Financial Statements* and AASB 2008-3:

Amendments to Australian Accounting Standards arising from AASB 3 and AASB 127 (effective from 1 July 2009)

These standards amend the accounting rules or certain aspects of business combinations and changes to ownership interests in controlled entities. This includes an amendment to accounting rules in relation to instances where the parent entity changes its ownership interest in a subsidiary that does not result in a change of control. The gains are recognised directly in equity. Any amounts paid in excess of the carrying value of minority interests is recorded as a deduction from the parent entity's equity. The Company and consolidated entity have applied this standard early.

2. INCOME TAX

	Consolidated 2008 \$'000	Consolidated 2007 \$'000	Parent entity 2008 \$'000	Parent entity 2007 \$'000
(a) The income tax expense/(benefit) attributable to profit comprises:				
Current income tax provision	73,637	97,968	(1)	17,093
Deferred tax assets	(143)	(3,753)	-	-
Deferred tax liabilities	-	(4,497)	-	(4,381)
Under provision of prior period tax	3,255	-	-	-
Income tax expense/(benefit)	76,749	89,718	(1)	12,712

The aggregate amount of income tax attributable to the financial year differs from the prima facie amount payable on the profit. The difference is reconciled as follows:

Profit before income tax expense	238,701	275,891	67,317	280,455
Prima facie income tax on profit at 30%	71,610	82,767	20,195	84,137
Tax effect on amounts which:				
Reduce tax payable:				
- Allowable credits	(1)	(37)	-	(75,948)
- Non-assessable income	(1)	(28)	(20,196)	(28)
Tax-effect of amounts which are non-deductible/				
Increase tax payable:				
- Stamp Duty	-	2,265	-	-
- Share-Based Payments	1,553	197	-	-
- Depreciation	124	-	-	-
- Other non-deductible expenses	3	3	-	-
Tax effect on adjustment for investment revaluations	-	4,551	-	4,551
Under provision of prior period tax	3,255	-	-	-
Adjustment for prior period deferred tax asset	206	-	-	-
Income tax expense/(benefit)	76,749	89,718	(1)	12,712

(b) Deferred Tax Assets

The balance comprises temporary differences attributable to:

Fringe benefits tax	4	8	-	-
Unrealised foreign exchange losses	839	2	-	-
Quarantined foreign losses	-	206	-	-
Capital expenditure not immediately deductible	2,834	3,497	-	-
Employee entitlements:				
- Long service leave	168	150	-	-
- Annual leave	253	269	-	-
Printing and mail house	29	34	-	-
Periodic reporting	66	60	-	-
Tax fees	106	66	-	-
Audit fees	75	48	-	-
Legal fees	105	-	-	-
Unrealised capital losses	4	-	-	-
Deferred tax assets	4,483	4,340	-	-

Dividends received	-	21	-	108,464
Estimated franking credits available	93,627	35,873	93,627	35,873

Franking credits available represents the amount of retained profits that could be paid as dividends and be franked out of existing credits or out of franking credits arising from the payment of income tax in the period subsequent to 30 June 2008.

NOTES TO THE FINANCIAL STATEMENTS continued

30 June 2008

7(a) CONTRIBUTED EQUITY**Movement in share capital (Parent & Consolidated)**

Date	Details	Quantity	Price per share (\$)	Share capital \$'000
1 July 2006	Brought forward Share Capital	100	1	-
3 April 2007	Stock split (subdivided 100 shares into 435,181,783 shares)	435,181,783	-	-
4 April 2007	38,793,950 shares issued in the Company for 100 McRae Pty Limited shares	38,793,950	5	193,970
5 April 2007	87,024,267 shares issued in the Company for 279,295 shares in Platinum Asset Pty Limited	87,024,267	5	435,121
Contributed equity at 30 June 2008		561,000,000		629,091

7(b) RESERVES

		Reserves \$'000
1 July 2007	Brought forward Capital Reserve	(588,127)
	Movement in 2007 Share-based payments reserve	657
30 June 2008	Equity movement through Options and Performance Rights expected to be exercised and other reserves	5,158
Closing reserves at 30 June 2008		(582,312)

In 2007, in preparation for listing, a restructure was undertaken, in which the Company sold or transferred all of its assets, other than its beneficial interest in shares in Platinum Asset Management and sufficient cash to meet its year to date income tax liability.

The Company then split its issued share capital of 100 shares into 435,181,783 ordinary shares. It then took its beneficial interests of Platinum Investment Management Limited to 100%, through scrip for scrip offers, in consideration for the issue of 125,818,217 ordinary shares in the Company.

As a result of the share split and takeover offers, the Company had 561,000,000 ordinary shares on issue and beneficially held 100% of the issued share capital of Platinum Investment Management Limited. Subsequently, 140,250,000 shares on issue representing 25% of the issued shares of the Company were sold to the public by existing shareholders.

The brought forward capital reserve at 1 July 2007 represents the difference between consideration paid for the purchase of the minority interests and the share of net assets acquired.

8. OPTION AND PERFORMANCE RIGHTS PLAN (OPRP)

In May 2007, Platinum Asset Management Limited established the OPRP to assist in the reward, retention and motivation of eligible employees and management.

Options

Certain Portfolio Managers, Analysts and other employees were granted Options under the OPRP, to take up shares in Platinum Asset Management Limited at a \$5 strike price (the same as the initial offer price for the Platinum Asset Management Limited shares). The Options vest after four years and have a further two year exercise period. Platinum Asset Management Limited initially granted 27,010,467 Options to these employees and this represented 4.81% of the issued shares of Platinum Asset Management Limited.

Performance Rights

Employees who did not receive an invitation to apply for Options under the OPRP were granted Performance Rights to take up Platinum Asset Management Limited shares. The Performance Rights are rights to take up Platinum Asset Management Limited shares and have no strike price. The Performance Rights vest after three years and have a further two year exercise period. Platinum Asset Management Limited initially granted 372,703 Performance Rights to eligible employees. This represented 0.07% of the issued shares of Platinum Asset Management Limited.

NOTES TO THE FINANCIAL STATEMENTS continued

30 June 2008

8. OPTION AND PERFORMANCE RIGHTS PLAN (OPRP) (cont'd)

Set out below are summaries of Options and Performance Rights granted and forfeited under the OPRP:

	30 June 2008 Quantity	30 June 2007 Quantity
Opening balance	27,158,770	-
Unvested shares under the OPRP - Performance Rights - 9 May 2007	12,000	372,703
Forfeitures of unvested shares : Performance Rights - 10 October 2007	(4,650)	-
Forfeitures of unvested shares : Performance Rights - 30 November 2007	(2,250)	-
Net movement of unvested shares under the OPRP - Performance Rights	5,100	372,703
Unvested shares under the OPRP - Options - 9 May 2007	-	27,010,467
Forfeitures of unvested shares : Options - 22 June 2007	-	(224,400)
Forfeitures of unvested shares : Options - 13 August 2007	(561,000)	-
Forfeitures of unvested shares : Options - 25 January 2008	(3,085,500)	-
Net movement of unvested shares under the OPRP - Options	(3,646,500)	26,786,067
Closing balance	23,517,370	27,158,770

Fair Value of Options and Performance Rights Granted

The assessed fair value at grant date of Options and Performance Rights was \$0.82 per Option and \$4.26 per Performance Right.

	Options	Performance Rights
Model inputs for Options and Performance Rights granted during the year ended 30 June 2007 included:		
(a) Exercise price:	\$5.00	\$0.00
(b) Grant date:	22 May 2007	22 May 2007
(c) Expiry date:	22 May 2013	22 May 2012
(d) Days to expiry (mid-point):	1,825 days	1,095 days
(e) Share price at grant date:	\$5.00	\$5.00
(f) Assumed volatility of the Company's shares:	22.5%	22.5%
(g) Assumed dividend yield:	5.35%	5.35%
(h) Risk-free interest rate:	6.11%	6.17%

As the Company listed in May 2007, there is no historical basis to work out the assumed price volatility of the Company's shares. Therefore, the assumed volatility is based on an analysis of comparable listed funds management companies.

Expenses Arising from Share-Based Payment Transactions

Total expenses arising from share-based payment transactions were as follows:

	Consolidated 2008 \$'000	Consolidated 2007 \$'000	Parent entity 2008 \$'000	Parent entity 2007 \$'000
Fair value of Options and Performance Rights granted under the OPRP	5,176	657	-	-
Associated payroll tax expense/(write-back) (included in staff expenses)	(126)	1,189	-	-
	5,050	1,846	-	-

In order to reward and retain key employees, additional Options and Performance Rights may be issued under the OPRP or other incentive plans, over time, in compliance with the *Corporations Act 2001* and relevant ASIC relief.

13. CONTINGENT ASSETS, LIABILITIES AND COMMITMENTS TO CAPITAL EXPENDITURE

No contingent assets or liabilities exist at balance date. The consolidated entity has no commitments for significant capital expenditure.

14. SUBSEQUENT EVENTS

No significant events have occurred since the balance date which would impact on the financial position of the consolidated entity as at 30 June 2008 and on the results for the year ended on that date.

NOTES TO THE FINANCIAL STATEMENTS continued

30 June 2008

15. SEGMENT INFORMATION

The consolidated entity operates its funds management business solely in Australia. However, it generates management and performance share fees from US-based Investment Mandates, as follows:

2008	Segment Revenue \$'000	Segment Results \$'000	Segment Assets \$'000	Segment Liabilities \$'000
Australia	243,906	199,476	160,021	21,524
North America	39,225	39,225	39,118	-
	283,131	238,701	199,139	21,524

2007	Segment Revenue \$'000	Segment Results \$'000	Segment Assets \$'000	Segment Liabilities \$'000

Assurance services - Risk management	58	-
	891	637
Advisory services - IPO, restructuring and related costs	945	935
	1,836	1,572

18. RISK MANAGEMENT

The consolidated entity's activities expose it to both direct and indirect financial risk, including market risk, credit risk and liquidity risk. Direct exposure to financial risk occurs through the impact on profit of movements in funds under management ("FUM"), and indirect exposure occurs because Platinum's operating subsidiary is the Investment Manager for various Platinum investment vehicles (which includes investment mandates, various unit trusts, known as the Platinum Trusts and its ASX-Listed investment vehicle, Platinum Capital Limited). This note discusses the direct exposure to risk of the consolidated entity and parent entity.

The Investment Manager's risk management procedures focus on managing the potential adverse effects on financial performance, caused by volatility of financial markets. The Investment Manager uses derivative financial instruments to hedge certain risk exposures.

The direct risks and mitigation strategies are outlined below:

NOTES TO THE FINANCIAL STATEMENTS continued

30 June 2008

18. Risk management (cont'd)

(a) Market Risk

The key direct risks associated with the consolidated entity are those which are driven by investment and market volatility and the resulting impact on FUM, or a reduction in the growth of FUM. Reduced FUM will directly impact on management fee income and profit, because management fee income is calculated as a percentage of FUM. FUM can be directly impacted by a range of factors including:

- a) poor investment performance: absolute negative investment performance will reduce FUM and relative under performance to appropriate market benchmarks could reduce the attractiveness of Platinum's investment products to investors, which would impact on the growth of the business. Poor investment performance could also trigger the termination of Investment Mandate arrangements;
- b) market volatility: Platinum invests in global markets. It follows that a decline in overseas markets, adverse exchange rate or interest rate movements will all impact on FUM;
- c) a reduction in the ability to retain and attract investors: which could be caused by a decline in investment performance, but also a range of other factors, such as the high level of competition in the funds management industry;
- d) a loss of key personnel; and
- e) investor allocation decisions: investors constantly re-assess and re-allocate their investments on the basis of their own preferences. Investor allocation decisions could operate independently from investment performance, such that funds outflows occur despite positive investment performance.

A decline in investment performance will also directly impact on performance share fees and performance fees earned by the consolidated entity. Historically, the amount of performance share fees earned by the consolidated entity have fluctuated significantly from year to year and can be a material source of fee revenue.

Performance share fees are based on a proportion of each Investment Mandate's investment performance. It is calculated at the end of each calendar year and is based upon the actual performance of each Investment Mandate for the year.

Performance fees are paid to the consolidated entity, if the investment return of a Platinum Trust Fund (or Platinum Capital Limited) exceeds a specified benchmark. Should the actual performance of a Platinum Trust Fund/Platinum Capital Limited be lower than the applicable benchmark no performance fee would be payable for the financial year. As at 30 June 2008, less than 1% of the Platinum Trusts FUM (and Platinum Capital Limited) is subject to the performance fee.

If global equity markets fell 10% over the course of the year and consequently the consolidated entity's FUM fell in line with global equity markets, it follows that management fees would fall by 10%. If there was a 10% decrease in performance of Investment Mandates over the course of the calendar year, which resulted in an actual negative performance for the Investment Mandate for the year, then no performance fee would be earned.

The above analysis assumes a uniform 10% fall across all global equity markets. This is extremely unlikely as there is a large degree of variation in volatility across markets. For example, it is quite feasible for the Japanese market to fall whilst other Asian markets exhibit growth.

To mitigate the impact of investment performance on FUM, the Investment Manager employs hedging strategies to manage the impact of adverse market and exchange rate movements in the funds it manages. Market risk is managed through derivative contracts, futures, options and swaps. Currency risk is managed through the use of forward currency contracts, futures and options on forward contracts.

The section below discusses the direct impact of foreign exchange risk, interest rate risk and price risk on the consolidated entity's financial instruments held at 30 June 2008.

(i) Foreign Exchange Risk

The consolidated entity has US dollar Investment Mandates and derives fees in US dollars from these. In addition, the consolidated entity held US\$36,596,652 in cash at 30 June 2008 (2007: US\$953,896). Therefore, the consolidated entity is directly exposed to foreign exchange risk arising from movements in exchange rates.

If the Australian Dollar had been 10% lower/higher against the US Dollar, than the prevailing exchange rate used to convert the Mandate fees and foreign currency holdings, with all other variables held constant, then net profit after tax would have been A\$6,208,714 higher/A\$5,079,621 lower (2007: A\$4,640,927 higher/A\$3,797,741 lower).

At 30 June 2008, the parent entity does not have direct exposure to foreign exchange risk.

(ii) Interest Rate Risk

At 30 June 2008, the consolidated entity has no interest bearing liabilities, therefore there is little direct exposure to interest rate risk. Similarly, interest rate risk on financial assets is not significant as cash is the only significant asset with interest rate exposure.

At 30 June 2008, the parent entity does not have a significant direct exposure to interest rate risk.

(iii) Price Risk

At 30 June 2008, financial assets held at fair value through profit or loss represented 0.52% of the consolidated entity's total assets (2007: nil). Accordingly, the consolidated entity does not have a significant direct exposure to price risk.

At 30 June 2008, the parent entity does not have a significant direct exposure to price risk.

NOTES TO THE FINANCIAL STATEMENTS continued

30 June 2008

18. Risk management (cont'd)

(b) Credit Risk

Credit risk represents the risk that the counterparty to a financial instrument will fail to discharge an obligation and cause the consolidated entity to incur a financial loss. Credit risk arises from the financial assets of the consolidated entity which includes cash and receivables. The maximum exposure to direct credit risk at balance date is the carrying amounts of financial assets recognised in the balance sheet. The consolidated entity holds an immaterial amount as collateral as security (eg, margin accounts) and the credit quality of all financial assets that are neither past due nor impaired is consistently monitored by the consolidated entity. At 30 June 2008, all cash and receivables are collectable within 30 days and there are no amounts which are past due or impaired.

Any default on the value of a financial instrument held within any of the Platinum Trusts, Platinum Capital or the Investment Mandates, will result in reduced investment performance. There is no direct loss for the consolidated entity other than through the ensuing reduction in FUM, as noted above in market risk. The Investment Manager employs standard market practices for managing its credit exposure.

The parent entity does not have a significant direct exposure to credit risk.

(c) Liquidity Risk

Liquidity risk is the risk that the consolidated entity will encounter difficulty in meeting obligations associated with financial liabilities. The consolidated entity manages liquidity risk by maintaining sufficient cash reserves to cover its liabilities and paying management fees to meet operating expenses on a regular basis. Management monitors its cash position on a daily basis and prepares cash forecasts on a weekly basis.

Contractual maturity analysis

At 30 June 2008, the consolidated entity has an obligation to settle trade creditors of \$6,051,928 (2007: \$7,862,376) between seven and 30 days, Goods and Services Tax liability of \$1,499,345 (2007: \$1,954,292) within 21 days and estimated income tax payable of \$12,433,330 (2007: \$16,205,895) within approximately 5 months and unclaimed dividends payable to shareholders of \$135,132 (2007: \$nil), long service leave of \$561,000 (2007: \$501,000) and annual leave of \$843,608 (2007: \$895,201) all payable at call.

At 30 June 2008, the consolidated entity has sufficient cash reserves of \$171,025,318 (2007: \$73,071,942) and a further \$18,673,953 (2007: \$24,279,110) of receivables collectable within 30 days to cover these liabilities and accordingly the consolidated entity does not have a significant direct exposure to liquidity risk.

At 30 June 2008, the parent entity had an estimated obligation to pay Australian taxation authorities \$12,433,330 (2007: \$26,149,615) within approximately 5 months of balance date. As noted above, the consolidated entity has sufficient liquid assets which are available to the parent entity to settle taxation liabilities. Accordingly, the parent entity does not have a significant direct exposure to liquidity risk.

(d) Fair Value Estimation

Please refer to note 1(d).

(e) Capital Risk Management

(i) Capital requirements

The Company has limited capital requirements and its need for retained profits is slight. Owing to the volatility caused by the performance share fee component of revenue, the Directors smooth dividend payments and have a policy of paying out 80% to 90% of net profit after tax. This is a policy, not a guarantee.

(ii) External requirements

In connection with operating a funds management business in Australia, the operating subsidiary of the Company (which conducts the funds management business) is required to hold an Australian Financial Services License (AFSL). As a holder of an AFSL, the Australian Securities and Investment Commission (ASIC), requires the subsidiary to:

- hold at least \$5 million Net Tangible Assets in respect of its managed investments and custody services;
- have Adjusted Surplus Liquid Funds ("ASLF") of:
 - \$50,000; plus
 - 5% of adjusted liabilities between \$1 million and \$100 million; plus
 - 0.5% of adjusted liabilities for any amount of adjusted liabilities exceeding \$100 million,up to a maximum ASLF of \$100 million.
- have at least \$50,000 in Surplus Liquid Funds (SLF") (i.e. its own funds in liquid form).

The operating subsidiary has complied with all externally imposed requirements to hold an AFSL during the financial year.

NOTES TO THE FINANCIAL STATEMENTS continued

Shares in Platinum Investment Management Limited - OPRP (see Note 8)	-	-	5,833	657
Shares in Platinum Asset Management Pte Limited	-	-	-	-
	-	-	636,320	631,144

20. THE COMPANY

Platinum Asset Management Limited ("the Company") is a company limited by shares, incorporated and domiciled in New South Wales. Its registered office and principal place of business is Level 8, 7 Macquarie Place, Sydney, NSW 2000. The Company is the ultimate holding company for the entities listed in Note 21.

21. THE SUBSIDIARIES

The consolidated financial statements incorporate the assets, liabilities and results of the following subsidiaries in accordance with the accounting policy described in Note 1(b):

- (a) McRae Pty Limited (incorporated in Australia) - (100% owned by the Company).
- (b) Platinum Asset Pty Limited (incorporated in Australia) - (100% owned by the Company).
- (c) Platinum Investment Management Limited (incorporated in Australia) - (indirectly 100% owned by the Company).
- (d) Platinum Asset Management Pte Ltd (incorporated in Singapore) - (indirectly 100% owned by the Company).

22. RELATED PARTY DEALINGS**(a) Directors' Remuneration**

Details of all remuneration paid to Directors is disclosed in the Directors' Report.

(b) Fees Received

Platinum Investment Management Limited provides investment management services to related party unit trusts - the Platinum Trust Funds and to the ASX-listed investment company, Platinum Capital Limited. Platinum Investment Management is entitled to receive a monthly management fee from Platinum Capital Limited and the Platinum Trust Funds, a monthly administration fee from the Platinum Trust Funds and in some instances a performance fee (which is calculated annually) based upon the relevant Funds investment return over and above a specified benchmark. The total related party fees received and receivable by Platinum Investment Management Limited for the year ended 30 June 2008 was \$202,899,907 (2007: \$202,887,100).

DIRECTORS' DECLARATION

In the Directors' opinion,

- (a) the financial statements and notes set out on pages 11 to 28 are in accordance with the *Corporations Act 2001* including:
 - (i) complying with Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
 - (ii) giving a true and fair view of the consolidated entity's financial position as at 30 June 2008 and of its performance, as represented by the results of its operations and its cash flows, for the financial year ended on that date; and
- (b) there are reasonable grounds to believe that Platinum Asset Management Limited will be able to pay its debts as and when they become due and payable; and
- (c) the audited remuneration disclosures set out on pages 4 to 6 of the Directors Report comply with AASB 124: *Related Party Disclosures* and the *Corporations Regulations 2001*.

The Directors have been given the declaration by the Managing Director and Finance Director required by section 295A of the *Corporations Act 2001*.

This declaration is made in accordance with a resolution of the Directors.

Independent auditor's report to the members of Platinum Asset Management

Report on the financial report

We have audited the accompanying financial report of Platinum Asset Management Limited (the company), which comprises the balance sheet as at 30 June 2008, and the income statement, statement of changes in equity and cash flow statement for the year ended on that date, a summary of significant accounting policies, other explanatory notes and the directors' declaration for both Platinum Asset Management Limited and the Platinum Asset Management Group (the consolidated entity). The consolidated entity comprises the company and the entities it controlled at the year end or from time to time during the financial year.

Directors' responsibility for the financial report

The directors of the company are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001*. This responsibility includes establishing and maintaining internal controls relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances. In Note 1, the directors also state, in accordance with Accounting Standard AASB 101 *Presentation of Financial Statements*, that compliance with the Australian equivalents to International Financial Reporting Standards ensures that the financial report, comprising the financial statements and notes, complies with International Financial Reporting Standards.

Auditor's responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

Our procedures include reading the other information in the Annual Report to determine whether it contains any material inconsistencies with the financial report.

**Independent auditor's report
(continued)**

For further explanation of an audit, visit our website <http://www.pwc.com/au/financialstatementaudit>

Our audit did not involve an analysis of the prudence of business decisions made by directors or management.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*.

Auditor's opinion

In our opinion:

- (a) the financial report of Platinum Asset Management Limited and its controlled entities is in accordance with the *Corporations Act 2001*, including:
 - (i) giving a true and fair view of the company's and consolidated entity's financial position as at 30 June 2008 and of their performance for the year ended on that date; and
 - (ii) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Regulations 2001*; and
- (b) the consolidated financial statements and notes also complies with International Financial Reporting Standards as disclosed in Note 1.

Report on the Remuneration Report

We have audited the Remuneration Report included in pages 4 to 6 of the directors' report for the year ended 30 June 2008. The directors of the company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

Auditor's opinion

In our opinion, the Remuneration Report of Platinum Asset Management Limited and its controlled entities for the year ended 30 June 2008, complies with section 300A of the *Corporations Act 2001*.

Matters relating to the electronic presentation of the audited financial report

This auditor's report relates to the financial report and remuneration report of Platinum Asset Management Limited (the company) and its controlled entities for the year ended 30 June 2008 included on Platinum Asset Management Limited's web site. The company's directors are responsible for the integrity of the Platinum Asset Management Limited web site. We have not

**Independent auditor's report
(continued)**

been engaged to report on the integrity of this web site. The auditor's report refers only to the financial report and remuneration report named above. It does not provide an opinion on any other information which may have been hyperlinked to/from these statements or the remuneration report. If users of this report are concerned with the inherent risks arising from electronic data communications they are advised to refer to the hard copy of the audited financial report and remuneration report to confirm the information included in the audited financial report and remuneration report presented on this web site.
