¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

Each Director has unrestricted access to the Company Secretary and the Company Secretary has unrestricted access to each Director.

The appointment and removal of the Company Secretary must be determined by the Board as a whole.

Recommendation 1.5 - A listed entity should:

- (a) have and disclose a diversity policy;**
- (b) through its board or a committee of the board set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally; and**
- (c) disclose in relation to each reporting period:**
 - (1) the measurable objectives set for that period to achieve gender diversity;**
 - (2) the entity’s progress towards achieving those objectives; and**
 - (3) either:**
 - (A) the respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined “senior executive” for these purposes); or**
 - (B) if the entity is a “relevant employer” under the**

Workplace Gender Equality Act, the entity’s most recent “Gender Equality Indicators”, as defined in and published under that Act.

If the entity was in the S&P/ASX 300 Index at the commencement of the reporting period, the measurable objective for achieving gender diversity in the composition of its board should be to have not less than 30% of its directors of each gender within a specified period.

The Company promotes a culture of equal opportunity and does not discriminate on the grounds of gender, race, ethnicity, sexual orientation, religious or cultural grounds.

As the Company has no employees and given the size of the Board, a diversity policy has not been established.

With the appointments of Mr Richard Morath and Mr Jim Clegg (also directors of Platinum Capital Limited (“PMC”)) to the Board on 9 September 2021, the size of the Board increased from three Directors to four Directors, resulting in the percentage of female Directors on the Board being reduced from 33.3% to 25%. Having regard to the benefits and efficiencies of having a common board of directors across both PAI and PMC, the Board determined that the gender mix was acceptable. Notably, the Chair of the Board is female.

Recommendation 1.6 - A listed entity should:

- (a) have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and**
- (b) disclose, for each reporting period, whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.**

Performance of Board

During this reporting period, the Board reviewed the process for assessing the performance of the Board, its Committees and individual directors. This review was supported by the introduction of a detailed Director confidential survey on a range of topics including the role of the Board, Board composition and skills, individual Director performance, Board renewal and succession,

CORPORATE GOVERNANCE STATEMENT (“STATEMENT”)

Issue Date: 18 August 2022

efficacy of Board meetings, collective Board performance, and Chair performance. The results of the survey were used by the Chair to conduct one on one performance assessment discussions with the other Directors and the Company Secretary.

The Chair of the Audit, Risk and Compliance Committee conducted a one on one performance assessment discussion with the Board Chair.

This review was conducted during August 2022 for the period 1 July 2021 to 30 June 2022.

The Board takes the performance reviews into consideration when recommending Directors for re-election.

Performance of Committees

The two established Board Committees (Audit, Risk and Compliance Committee and Due Diligence Committee) conduct reviews against their charters and objectives annually. These reviews were conducted during August 2022 for the period 1 July 2021 to 30 June 2022 and the results provided to the Board for information.

Recommendation 1.7 - A listed entity should:

(a) have and disclose a process for evaluating the performance of its senior executives at least once every reporting period; and

(b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.

The Company does not have any senior executives. However, annual performance reviews are performed for all Platinum employees (including senior executives) providing an opportunity for a discussion on role performance, remuneration, goal setting and identification of training needs, as applicable.

Performance reviews for Platinum’s senior executives were conducted in June 2022 for the year ended 31 March 2022, Platinum’s performance assessment year.

PRINCIPLE 2: Structure the Board to be effective and add value

Recommendation 2.1 - The board of a listed entity should:

The board of a listed entity should:

(a) have a nomination committee which:

(1) has at least three members, a majority of whom are independent directors; and

(2) is chaired by an independent director,

and disclose:

(3) the charter of the committee;

(4) the members of the committee; and

(5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or

(b) if it does not have a nomination committee, disclose that fact and the processes it employs to address board succession issues and to ensure that the board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively.

Given the size and purpose of the Company, the Board considers a nomination committee is not warranted. The Board considers the issues that would otherwise be a function of a nomination committee.

Evaluation, Selection and Appointment of Directors

The Board regularly reviews its succession plans.

When evaluating, selecting and appointing Directors, the Board considers:

- the candidate’s competencies (technical and behavioural), qualifications and expertise and their fit with the current membership of the Board;
- the candidate’s contribution to the aggregate skills of the Board;
- the candidate’s knowledge of the industry in which the Company operates;
- directorships previously held by the candidate and his/her current commitments to other boards and

CORPORATE GOVERNANCE STATEMENT (“STATEMENT”)

Issue Date: 18 August 2022

companies;

- the candidate’s independence status and the level of independence of the Board as a whole;
- the current and desired level of diversity that the Board seeks in its membership to avoid entrenching “groupthink” or other cognitive biases; and
- the requirements of the *Corporations Act 2001* (Cth), ASX Listing Rules, the Company’s constitution and other relevant Board policies.

The Board seeks to ensure that:

- its membership represents an appropriate balance between Directors with financial services industry experience and Directors with an alternative perspective;
- it has an appropriate number of independent Non-Executive Directors who can challenge Platinum’s management and hold them to account, and who are able to represent the best interests of the Company as a whole; and
- the size of the Board is conducive to effective discussion and efficient decision-making.

During the reporting period, Mr Richard Morath and Mr Jim Clegg (also directors of Platinum Capital Limited) were appointed to the Board in recognition of the benefits and efficiencies of having a common board of directors across both companies. Mr Morath and Mr Clegg are both independent Non-Executive Directors and bring deep and extensive financial services knowledge and experience to the Board.

Under the terms of the Company’s constitution:

- an election of Directors must be held at each annual general meeting (“AGM”) and at least one Director must retire from office; and
- each Director must retire from office at the third AGM following his/her last election.

In addition, section 201C of the *Corporations Act 2001* (Cth) states that a director who has turned 72 during the year may only continue as a director of a public company

if they are appointed by the members through a special resolution¹ at the AGM and would only hold office until the conclusion of the company’s next AGM.

Mr Jim Clegg and Mr Richard Morath will both retire and seek re-election at the 2022 AGM. Details of their respective skills and experience are set out in the annual report. The Board considers that their combined experience in financial services, funds management and financial planning strengthens the Board’s current skills. The re-election of Mr Clegg and Mr Morath is unanimously supported by all other Directors.

Recommendation 2.2 - A listed entity should have and disclose a board skills matrix setting out the mix of skills that the board currently has or is looking to achieve in its membership

Board Skills Matrix

The Board seeks to ensure it has an appropriate mix of skills, experience and expertise to enable it to discharge its responsibilities effectively and to add value.

The Board has created the following board skills matrix, capturing the key skills and other attributes of the Directors which it believes are needed for robust decision-making and the effective governance of the Company. The matrix is reviewed and updated periodically to ensure that it covers the attributes needed to address existing and emerging business and governance issues relevant to the Company. Every year, each Director undertakes a self-assessment of their own attributes with reference to the matrix. As part of this self-assessment, Directors are asked to grade their capability or competency in respect of a particular attribute from [1 to 3], with [1] being no or a low capability or competency and [3] being a high capability or competency i.e. strongly developed.

The following table sets forth the key skills and experience identified by the Board as being most relevant to the needs of the Company and the extent to which they are collectively represented by the Board:

¹ A special resolution under the Corporations Act requires that at least 75% of the votes cast by shareholders entitled to vote are in favour of the resolution.

nature of the interest, position or relationship in question and an explanation of why the board is of that opinion; and

(c) the length of service of each director.

Director Independence and Interests

The Board regularly assesses the independence of each Director. For this purpose, an independent director is a non-executive director who is free of any interest, position, association or relationship that could influence (or could reasonably be perceived to influence), in a material respect, the independent exercise of his/her judgement and the ability to act in the best interests of shareholders generally rather than in the interests of an individual security holder or other party.

Directors must disclose any person or family contract or relationship in accordance with the *Corporations Act 2001* (Cth) (“Act”). Directors also adhere to constraints on their participation and voting in relation to matters in which they may have an interest in accordance with the Act and the Company’s policies.

Each Director may from time to time have personal dealings with the Company. Some Directors are involved with other companies or professional firms that may from time to time have dealings with the Company.

Details of offices held by Directors with other organisations are set out in the Directors’ report. Full details of related party dealings are set out in the notes to the Company’s accounts as required by law.

In assessing whether Directors are independent, the Board takes into account (in addition to the matters set out above):

- the specific disclosures made by each Director as referred to above;
- where applicable, the related party dealings referable to each Director, noting whether those dealings are ‘material’;
- whether the Director is, or has been, employed in an executive capacity by Platinum and there has not been a period of at least three years between ceasing such employment and serving on the Board;
- whether the Director receives performance-based

remuneration (including options or performance rights) from, or participates in an employee incentive scheme of, Platinum;

- whether the Director is, or has been within the last three years, in a material business relationship (eg as a supplier, professional adviser, consultant or customer) with Platinum, or an officer of, or otherwise associated with, someone with such a relationship;
- whether the Director is, represents, or is or has been within the last three years an officer or employee of, or professional adviser to, a substantial shareholder of the Company;
- whether the Director has close personal ties with any person who falls within any of the categories described above; or
- whether the Director has been a director of the Company for such a period that his or her independence from Platinum and substantial shareholders may have been compromised.

The Board also has regard to any other matters set out in the Governance Principles.

If a Director’s independence status changes, this will be disclosed and explained to the market in a timely manner and in accordance with the Company’s Continuous Disclosure and Shareholder Communications Policies.

Directors’ Length of Service

Details of the term of office held by each Director in office as at the date of this Statement are as follows:

The Company provides appropriate professional development opportunities for Directors to develop and maintain the skills and knowledge needed to perform their roles as Directors effectively. In this respect, all Directors attended an externally facilitated workshop during the reporting period covering the taskforce on climate related disclosures.

Directors also receive regular briefings on material developments in laws, regulations and accounting standards relevant to the Company.

All Directors sign an annual

Issue Date: 18 August 2022

members of the Audit, Risk & Compliance Committee are Non-Executive Directors and are independent.

The Audit, Risk & Compliance Committee operates under an approved charter.

The Audit, Risk & Compliance Committee has authority (within the scope of its responsibilities) to seek any information it requires from any employee of Platinum or any external party. All matters determined by the Audit, Risk & Compliance Committee are submitted to the Board as recommendations for Board decisions. The Chair of the Committee provides an update on the matters discussed in each Committee meeting at each subsequent Board meeting. The policy of the Board is to appoint an external auditor that clearly demonstrates competence and independence.

The performance of the external auditor is reviewed annually and applications for tender of external audit services are requested as deemed appropriate, taking into consideration assessment of performance, existing value and tender costs.

An audit tender process was last performed by the Company during 2020 resulting in Pricewaterhouse Coopers being reappointed as the Company’s external auditor in October 2020.

It is PricewaterhouseCoopers’ policy to rotate audit engagement partners on listed companies at least every five years. The most recent audit rotation commenced on 1 January 2020.

An analysis of fees paid to the external auditor, including a breakdown of fees for non-audit services, is provided in the Directors’ report. It is the policy of the external auditor to provide an annual declaration of its independence to the Audit, Risk & Compliance Committee.

Recommendation 4.2 - The board of a listed entity should, before it approves the entity’s financial statements for a financial period, receive from its CEO and CFO a declaration that, in their opinion, the financial records of the entity have been properly maintained and that the financial statements comply

CORPORATE GOVERNANCE STATEMENT (“STATEMENT”)

with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

The Company’s primary communication portals are its website, annual report, annual general meeting, half-yearly report, quarterly investment report and monthly and weekly releases to the ASX.

Shareholders are also encouraged to contact Platinum’s Investor Services team directly regarding any queries they may have. All shareholder queries are logged on the Company’s shareholder communications register, and a copy of the register is tabled at each Board meeting. Where significant comments or concerns are raised by shareholders or their representatives, they are escalated to the Board as well as to Platinum’s senior management.

Recommendation 6.3 - A listed entity should disclose how it facilitates and encourages participation at meetings of security holders.

The Company holds an annual general meeting (“AGM”) of shareholders in October/November each year. The date, time and venue of the AGM are notified to the ASX generally in September each year, after the financial reports are lodged.

The Company will choose a date, venue and time considered convenient to the greatest number of its

shareholders. Subject to the provisions of the *Corporations Act 2001* (Cth), the Board may elect to hold an AGM physically, or as a hybrid or fully virtual meeting.

All shareholders of the Company are encouraged to attend the AGM, ask questions of the Board and to vote. Shareholders attending the meeting will be able to cast their votes during the meeting. Shareholders who are unable to attend the meeting will also be able to vote by proxy ahead of the meeting. The proxy form included with the notice of meeting will seek to explain clearly how the proxy form is to be completed and submitted.

Recommendation 6.4: A listed entity should ensure that all substantive resolutions at a meeting of security holders are decided by a poll rather than by a show of hands.

All resolutions at a meeting of the Company’s shareholders will be decided by a poll.

Recommendation 6.5 - A listed entity should give security holders the option to receive communications from, and send communications to, the entity and its security registry electronically.

The Company encourages shareholders to receive communications electronically. Electronic communication

CORPORATE GOVERNANCE STATEMENT (“STATEMENT”)

Please also refer to recommendation 4.1.

The Audit, Risk & Compliance Committee’s key responsibilities in relation to risk management are:

- monitoring Platinum’s and other key service providers’ performance against the entity’s risk

- accountability and delegations of authority are clearly identified;

CORPORATE GOVERNANCE STATEMENT (“STATEMENT”)

CORPORATE GOVERNANCE STATEMENT (“STATEMENT”)

Issue Date: 18 August 2022

Statement (which covers the Company) is available in the Corporate Responsibility Tab at <https://www.platinum.com.au/About-Platinum/PTM-Shareholders>

PRINCIPLE 8: Remunerate fairly and responsibly

Recommendation 8.1 - The board of a listed entity should:

(a) have a remuneration committee which:

(1) has at least three members, a majority of whom are independent directors; and

(2) is chaired by an independent director,

and disclose:

(3) the charter of the committee;

(4) the members of the committee; and

(5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or

(b) if it does not have a remuneration committee, disclose that fact and the processes it employs for setting the level and composition of remuneration for directors and senior executives and ensuring that such remuneration is appropriate and not excessive.

Given the size of the Company the Board has determined that a remuneration committee is not warranted. The Board considers the issues that would otherwise be a function of a remuneration committee.

Recommendation 8.2 - A listed entity should separately disclose its policies and practices regarding the remuneration of non-executive directors and the remuneration of executive directors and other senior executives.

Remuneration Policies

Remuneration for the Non-Executive Directors is set at market rates commensurate with the responsibilities borne by the Non-Executive Directors.

Non-Executive Directors' remuneration is comprised of

fixed remuneration and superannuation only, and is benchmarked against other listed investment companies and reviewed annually. Independent professional advice may be sought.

No individual Non-Executive Director is involved in deciding his or her remuneration.

The remuneration for the Non-Executive Directors was reviewed during the period and with the exception of the legislated increase of 0.5% to the superannuation guarantee rate with effect from 1 July 2022, no changes were made to their total remuneration.

Further information on the remuneration of Non-Executive Directors is provided in the remuneration report set out in the Directors' report.

Remuneration Paid

Remuneration paid to the Non-Executive Directors for the 2021/2022 reporting year is set out in the Directors' report. Although the number of Directors on the Board increased by one, the Directors' fees in aggregate remained the same.

Recommendation 8.3 - A listed entity which has an equity-based remuneration scheme should:

(a) have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme; and

(b) disclose that policy or a summary of it.

Not applicable - the Company's Directors do not receive any equity-based remuneration.

Additional recommendations that apply only in certain cases

Recommendation 9.1 - A listed entity with a director who does not speak the language in which board or security holder meetings are held or key corporate documents are written should disclose the processes it has in place to ensure the director understands and can contribute to the discussions at those meetings and understands and can discharge their obligations in relation to those documents.
