Re: Platinum Capital Limited Final Dividend Reinvestment Plan (“DRP”) Price

The Dividend Reinvestment Plan Price for the final dividend payable on 9 September 2013 is \$1.50 per share.

The number of shareholders participating in the Dividend Reinvestment Plan represents approximately 20 per cent of issued share capital.

Participating shareholders will be entitled to be allotted the number of shares (rounded down to the nearest whole number) that the cash dividend would purchase at the Dividend Reinvestment Plan Price. The relevant Dividend Reinvestment Plan Price for the final dividend is at a 2.5 per cent discount to the prevailing share price (calculated as the average closing price over the five business days subsequent to the date on which the shares cease to trade cum-dividend).
