## Initial investment

### By mFund (mFund code PLM01)

Platinum is a Foundation Member of the mFund Settlement Service (“**mFund**”) operated by the ASX.

Investors can apply for units through mFund by placing a buy order for units and your application money with your licensed broker or financial adviser who uses a stockbroking service on your behalf.

The minimum initial investment in the Fund is A\$10,000.

### By direct investment

Investors can invest directly by completing the Application Form included at the back of the PDS. Section 1 of the Application Form details, by investor type, the sections that are required to be completed. Once completed, sign the Application Form and send\* to Platinum.

The minimum initial investment in the Fund is A\$10,000 or NZ\$10,000.

\* In certain circumstances when certified identification documentation is not required or you have completed your certification with the online ID facility, you may fax or email to us, or otherwise upload via the Platinum secure client website, your completed Application Form. Although, if you use fax or email for this purpose we ask that you phone us to verify receipt – refer to ‘Facsimile, email and internet – terms and conditions’ on page 13. Otherwise, you will need to mail or deliver the original completed Application Form, together with the identification documentation, to Platinum.

## Additional investments

An additional application may be made at any time. There is a minimum additional investment amount of \$1,000.

To apply:

- make an investment through mFund;

- write to us\* – please state the name of the Fund, your investment account number and name, the amount you wish to invest, and how your monies will be transferred to Platinum; or
- complete an Additional Investment Form\* (available from Platinum’s website or Investor Services).

\* You may fax or email to us or otherwise upload via the Platinum secure client website, your written instruction or Additional Investment Form, although if you use fax or email for this purpose we ask that you phone us to verify receipt – refer to ‘Facsimile, email and internet – terms and conditions’ on page 13.

## Regular Investment Plan

The Regular Investment Plan enables you to regularly add to your existing investment on a monthly or quarterly basis.

The minimum initial investment under the Regular Investment Plan is A\$10,000, with a minimum investment of A\$200 per month or quarter.

Your specified amount will be deducted from your participating financial institution account on the 19th of each month (or on the 19th of a particular month for a quarterly plan). Where the 19th falls on a non-Business Day, money will be debited from your account on the next Business Day.

We will notify you when your Regular Investment Plan has been set-up (including the commencement date of the first debit from your financial institution account).

To initiate this service, complete the Regular Investment Plan Form or the relevant section of the Application Form included at the back of the PDS (if a new investment is being made directly). If you select a New Zealand financial institution account for the service, then you must (instead) complete the New Zealand Specific Direct Debit Authority Form. Forms are available from Platinum’s website or Investor Services.

Investors who select an Australian financial institution account for this service are subject to the terms and conditions on page 18. Investors who select a New Zealand financial institution account for this service are subject to the terms and conditions on the New Zealand Specific Direct Debit Authority Form.

We reserve the right to cancel your direct debit arrangement if two or more consecutive debits are returned unpaid by your nominated financial institution. Standard government fees, duties and bank charges (including dishonour fees and conversion costs) may apply to investments. These are paid by the Investor.

## Transferring your application monies to Platinum

### By mFund

Payment will be made through the CHESS daily batch settlement process. To fund this payment you will need to provide your application money to your licensed broker or your financial adviser who uses a stockbroking service on your behalf.

### By direct investment

#### Direct debit

You can authorise Platinum to debit investment amounts directly from your nominated Australian financial institution account by completing the relevant section of the Application Form or Additional Investment Form.

# 1. How the Platinum Global Fund works – *continued*

Investors who select this option and provide authorisation agree to the terms and conditions of the Direct Debit Service Agreement on page 18. We are only able to offer this facility in A\$.

For applications made under the direct debit arrangement we will endeavour to debit your nominated financial institution account on the day your completed application is received and processed by us or your earliest debit date if specified on the Application Form (if this date is later), provided that your application meets our processing requirements.

The entry price that will apply to an investment made under the direct debit arrangement will be based on when we receive your money from your financial institution. For example, a payment initiated on one Business Day should cause your funds to be invested with the entry price applicable to the next Business Day.

## Cheque

Drawn in A\$ only and made payable to 'Platinum Global Fund'.

## EFT or direct deposit

In A\$ paid to the Fund's Australian bank account or NZ\$ paid to the Fund's New Zealand bank account. Details:

	Australia	New Zealand*
Account name:	Platinum Global Fund	Platinum Global Fund
Bank:	National Australia Bank	Bank of New Zealand
SWIFT:	NATAAU3302S	–
BSB:	082 057	–
Account number:	84112 5828	02 0500 0741112 004

### Please ensure that you:

- ask your financial institution to **record the investor's name** as a narrative on the EFT instruction (or if direct deposit, ask the Fund's bank to add the investor's name as a reference against the deposit)\*; and
- **notify Investor Services** of the details of your EFT or direct deposit as soon as possible so that we can proceed to identify your money (and if deposited to the New Zealand bank account, so that we can instruct to transfer your money to the Fund's Australian bank account).

\* EFT and direct deposits to the Fund's **New Zealand bank account** require transfer to the Fund's Australian bank account before processing of your application for investment can occur – refer to 'Identifying your application monies' on page 2. We will only instruct to transfer your monies once your application meets our processing requirements (e.g. completeness). The Bank of New Zealand will transfer your monies using an exchange rate it determines (at the time of processing) to be market rate.

# Failure to do this will delay the identification of your monies and processing of your application for investment – refer to 'Identifying your application monies' on page 2.

## BPAY®

You can make additional investments (not initial investments) using BPAY.

Contact your participating **Australian** financial institution\* to establish this service. You will need to quote **Platinum's Biller Code 42168** and your **Platinum BPAY Reference Number** (refer to your last transaction confirmation or statement). Your **Platinum BPAY Reference Number** is required so that we can identify your application monies.

Please notify Investor Services of your BPAY deposit. BPAY instructions submitted prior to 6.00pm AEST on a Business Day should meet the 3.00pm AEST cut-off on the next Business Day, **provided that** you give us notice of your BPAY deposit before that time.

\* BPAY is not currently available for New Zealand financial institutions.

© Registered to BPAY Pty Ltd ABN 69 079 137 518

## Cut-off time for applications

Your application via mFund or Application Form (or written request if an additional investment) and application monies must be received and identified (and accepted by us)\* before 3.00pm AEST on a Business Day to be processed with the entry unit price applicable to that Business Day. Applications received and identified (and accepted by us) after 3.00pm AEST on a Business Day (but before the next cut-off time) will generally be processed using the entry unit price applicable to the next Business Day.

\* Platinum has absolute discretion (under the Fund's Constitution) to accept or refuse any application (for whatever reason and whether in whole or in part). Once accepted by Platinum, applications are irrevocable subject to 'Cooling-off' – refer to page 16.

## Identifying your application monies

### By mFund

Your application will not be processed until we identify your monies in the Fund's Australian bank account.

We download a statement from the Fund's Australian bank at precisely 3.00pm AEST each Business Day. For your funds to be received in time to make this cut-off, your payment must be included in that day's CHES batch settlement. To be included in that day's CHES batch settlement, a valid application must be received by 11.15am AEST on a Business Day.

### By direct investment

Your application will not be processed until we identify your monies in the Fund's Australian bank account.

Please be aware that your instruction to a financial institution to transfer your money by EFT or direct deposit to the Fund's Australian or New Zealand bank account does not occur instantly. There are inherent limitations in banking systems that can delay the receipt and identification of your application monies.\*

Platinum does not accept responsibility for deposits it does not know about or appear later in the Fund's account with an earlier deposit date and/or time. To assist in the identification of your monies, we ask that you instruct your financial institution (or Fund's bank) to enter the investor's name as a narrative on the transaction (where possible).

We download a statement from the Fund's Australian bank precisely at 3.00pm AEST each Business Day and if your money has not been received and identified by our bank or us, then we cannot process your application.

We download a statement from the Fund's New Zealand bank precisely at 9.00am AEST each Business Day. If, by this time, your money has not been received by our bank (and identified by reference to a complete investment instruction), then your money will not be transferred to the Fund's Australian bank account in time to make the cut-off time for that day.

# 1. How the Platinum Global Fund works – *continued*

---

\* For example:

- EFT instructions can take 24-48 hours to be communicated between financial institutions.
- A deposit to the Fund's bank account may be batched for processing (by the bank) later in the day.
- If you direct another person to transfer your money to the Fund's bank account, the money may be identified as that person's money rather than yours (the investor). We may have to place a trace on monies to identify the investor and this can take up to ten or more Business Days.
- A direct deposit to the Fund's bank account that does not have the investor's name as the reference may remain unidentified by the bank.

## Rejections and dishonours

Any money received by EFT, bank deposit, or BPAY that cannot be identified by Platinum will be returned to the paying financial institution. If a cheque, EFT or direct debit is dishonoured, or not cleared within 5 Business Days, the application will be void and any units issued will be cancelled. A dishonoured cheque or direct debit will not be re-presented or re-processed.

## Incomplete or rejected Application Forms

Under the Fund's Constitution, Platinum can accept or reject any application for units in its sole discretion. To ensure that your application is processed efficiently, you need to complete all relevant sections of the Application Form and provide all required customer identity verification documents as outlined in the Application Form.

If your Application Form is not completed to our satisfaction, and we are not able to proceed with your request, we may hold your application monies in an interest bearing trust account until we receive the required information. All interest earned will be retained by the Fund. Monies will be held for a maximum period of 30 days commencing on the day we receive the monies. After this period your funds will be returned. If your Application Form is subsequently completed to our satisfaction prior to the expiration of the 30 day period and:

- before 3pm AEST on a Business Day, the monies held will be used to apply for units using the entry price applicable to that Business Day;
- after 3pm AEST on a Business Day, the monies held will be used to apply for units using the entry price applicable to the next Business Day.

## Issuing units

The number of units issued to you is determined by dividing your investment amount by the applicable entry unit price (and by rounding up or down in accordance with the Constitution).

Thereafter, the value of your investment can be estimated by multiplying your number of units by the daily exit price.

Unit prices for the Fund are posted (generally each Business Day) to Platinum's website.

## Unit pricing

The Fund's Net Asset Value ("NAV") divided by its units on issue provides the NAV unit price. Adding a buy spread to this price determines the entry price and deducting a sell spread to the NAV unit price determines the exit price. The unit price fluctuates each day as the market value of the Fund's assets rises or falls. During normal market conditions, unit prices for the Fund are calculated on each Business Day.

The Fund is forward priced. The NAV of the Fund for a Business Day is usually calculated on the next Business Day. This means that when you invest you will not know the entry unit price that you will receive as it has not been calculated and will be determined after your application is accepted. If the application meets the processing requirements and cut-off time, the entry unit price received will be calculated on the next Business Day.

For example:

- An application accepted at 10.00am on Monday should be processed with the entry price calculated on Tuesday.
- An application accepted at 4.00pm on Friday should be processed with the entry price calculated on Tuesday (because the application missed the processing cut-off time for Friday).

Unit prices are calculated by the Fund's administrator, State Street Australia Limited ("SSAL"), and verified by Platinum. While the Fund is admitted as an mFund product, you will be able to view the price of units at [www.mfund.com.au](http://www.mfund.com.au). Please consult with a licensed broker who may also make pricing information available.

Platinum's Unit Pricing Discretions Policy provides further information about how we calculate unit prices. You can request a copy of the policy free of charge by contacting Investor Services.

## Transfers

Investors may not transfer or agree to transfer any units in the Fund to another person or entity without Platinum's prior consent.

### By mFund

Currently transfers cannot be facilitated through mFund. Should you wish to conduct a transfer of units purchased through mFund, please contact your licensed broker or your financial adviser who uses a stockbroking service on your behalf. The nominated broker will contact Platinum to discuss the requirements specific to the transfer request.

### By direct investment

To transfer units in the Fund, send Platinum a completed standard transfer form (available from Platinum's website or Investor Services).

Please ensure that you advise us of the transferee's investment account number and name (or if the transferee is not a current investor, provide us with an Application Form signed by the transferee) – refer to 'Initial investment' on page 1.

Platinum processes transfers at the NAV unit price and no buy/sell spread is applied.

Transferring units may give rise to tax consequences and it is recommended that you check the tax implications with your tax adviser before transferring.

## Withdrawals

### By mFund

You can withdraw your investment in the Fund by lodging a request to withdraw units in the Fund with your licensed broker or financial adviser who uses a stockbroking service on your behalf. The minimum withdrawal amount is A\$10,000 or the entire investment balance in the Fund if the withdrawal would cause your investment in the Fund to fall below A\$10,000.

### By direct investment

You may request a withdrawal of (all or part of) your investment at any time. The minimum withdrawal amount is A\$10,000 or the entire investment balance in the Fund if the withdrawal would cause your investment in the Fund to fall below A\$10,000.

To request a withdrawal:

- write to us – please state the name of the Fund, your investment account number and name, the amount you wish to withdraw, and how the proceeds are to be paid to you; or
- complete a Withdrawal Form (available from Platinum's website or Investor Services).

The written request or Withdrawal Form must be signed by an authorised signatory (or signatories where more than one is required) to the account.

If you require us to pay proceeds to a new financial institution account (i.e. not one previously elected for your investment account), we require your original signed written request or Withdrawal Form advising us of the new financial institution account.

If proceeds are to be paid by cheque or to your previously nominated financial institution account, you may fax or email to us or otherwise upload via the Platinum secure client website, your signed written request or Withdrawal Form, although if you use fax or email for this purpose we ask that you phone us to verify receipt – refer to 'Facsimile, email and internet – terms and conditions' on page 13.

### Cut-off time for withdrawals

Your withdrawal via mFund or written request or Withdrawal Form must be received and accepted by us\* prior to 3.00pm AEST on a Business Day to be processed with the exit unit price applicable to that Business Day. Withdrawal requests received and accepted\* after 3.00pm AEST on a Business Day (but before the next processing cut-off time) will generally be processed using the exit unit price applicable to the next Business Day.

\* When applying via direct investment, to be accepted, your withdrawal request must contain sufficient information to enable our processing and be appropriately signed. The Fund must also be liquid. Platinum will not be responsible for any postal or service delivery delay or failure.

### Withdrawal proceeds

Withdrawal proceeds can be paid:

- by cheque, made payable to the Investor, in Australian dollars (or New Zealand dollars)\*; or
- EFT to the Investor's nominated Australian or New Zealand\* financial institution account.

Withdrawal proceeds for mFund orders will be paid through the CHESSE daily batch settlement process to the Investor's licensed broker.

The proceeds of your withdrawal are normally available within 10 Business Days of receipt of your written request or Withdrawal Form, given normal market operating conditions (or no later than 21 days following receipt of your request).

\* The conversion of your Australian investment to New Zealand dollars will be processed at the processing time by the Fund's bank, State Street Trust and Bank, at the exchange rate it determines to be market rate.

### Withdrawal by Platinum

The Fund's Constitution gives Platinum the power to redeem some or all of the units in the Fund at the applicable exit price upon giving at least 30 Business Days' notice to Investors (or shorter notice where redemption is necessary in order to comply with law, or to reduce the risk of the Fund suffering a material detriment). This is noted for completeness, but Platinum does not presently anticipate that this power will need to be exercised.

### Suspension of applications and withdrawals

In certain situations, which impact on the effective and efficient operation of a market for an asset or assets of the Fund, or in circumstances where we otherwise consider it to be in the best interests of Investors, we may choose to suspend the processing of all applications and withdrawals for the Fund. If this occurs, in determining the value of an asset, we will use the asset values determined after the suspension is lifted.

Examples of such situations include but are not limited to: global health pandemics, the threat of terrorist attacks, war or other circumstances that affect the normal operation of financial markets or the operation of custodians and Platinum's counterparties.

Platinum will generally honour all withdrawal requests from Investors, subject to the Fund being liquid. If the Fund is not liquid, Investors may withdraw in accordance with any withdrawal offer made by Platinum.

### Minimum amounts

Platinum reserves the right to waive any minimum investment or withdrawal amount at its sole discretion.

### Distributions

The Fund may earn income such as dividends and interest and may also realise capital gains or losses on the sale of investments. Income and net realised capital gains will be distributed to Investors annually as at 30 June (the "Distribution Date"). Platinum may (under the Constitution) determine to distribute some other amount.

The components of the distribution will vary from year to year (refer to your annual distribution and tax statement). There may also be times when no distribution is payable.

Distributions are calculated in dollars per unit on the number of units held as at the end of the Distribution Date (i.e. your distribution entitlement from the Fund is not pro-rated for the duration of your investment in the Fund during the tax year). Be aware that when such a distribution is made, the unit price will fully reflect the distribution.

# 1. How the Platinum Global Fund works – *continued*

Investors should receive their entitlement (if payable) within 15 Business Days after the Distribution Date.

You can elect to have your distribution entitlement:

- **reinvested** in additional units in the Fund; or
- **paid** to your nominated financial institution account.\*

If no election is made, your distribution entitlement will be automatically reinvested. No buy costs apply to reinvestment.

If your financial institution rejects payment, your monies will be processed by us as an additional investment to the Fund.#

To change your election:

- update via the Platinum secure client website – provided that you have the relevant user access, you are able to update your distribution election; or
- write to us – stating the name of the Fund, your investment account number (or HIN / SRN if via mFund) and name, and your election (i.e. reinvestment or payment); or
- complete a Change of Details Form (available from Platinum's website or Investor Services).

The written instruction or Change of Details Form must be signed by an authorised signatory (or signatories where more than one is required) to the account.

You may fax or email to us or otherwise upload via the Platinum secure client website, your signed instruction or Change of Details Form, although if you use fax or email for this purpose we ask that you phone us to verify receipt – refer to 'Facsimile, email and internet – terms and conditions' on page 13. However, please note that if you require us to pay distribution proceeds to a new financial institution account (i.e. not one previously elected for your investment account), we require your original signed written instruction or Change of Details Form advising us of the new financial institution account.

For a change to be reflected in the next distribution, your revised distribution election must generally be received by us no later than five Business Days before 30 June.

As the Fund is forward priced, the last day that a transaction can be received for processing (so as to be included for the 30 June distribution) is the Business Day prior to 30 June.^

\* For payments to a New Zealand financial institution account, your Australian distribution entitlement will be converted to New Zealand dollars prior to payment. This will be processed by the Fund's bank, State Street Trust and Bank, at the exchange rate it determines (at the processing time) to be market rate.

# The entry unit price applied will depend on the day we process your reinvestment and should be no later than 20 Business Days after 30 June. If the rejection is from a New Zealand financial institution, then an exchange rate to convert your NZ\$ distribution amount back to A\$ will be applied prior to reinvestment.

^ If 30 June falls on a non-Business Day, then it will be two Business Days prior to 30 June.

## Your financial institution account

You can elect to have your withdrawal proceeds\* and distribution entitlements paid to an **Australian resident or New Zealand resident bank, building society or credit union account**.

The account nominated by you must be in the name of the Investor, as it is our policy not to make third party payments.

\* Withdrawal proceeds for Investors using the mFund must be paid to the Investor's licensed broker.

## Changing your details

### By mFund

To amend your details you can either inform your licensed broker, or you can contact Platinum directly as outlined in the 'By direct investment' section below. Account details that can be instructed via your broker are postal address and change of name\*, correspondence method, email address and distribution bank account.

\* Broker sponsored Investors whose units are registered to their HIN must instruct postal address and name changes via their licensed broker.

### By direct investment

To amend your details (such as your address, contact details, nominated financial adviser or administrator, or nominated financial institution account):

- update via the Platinum secure client website – provided that you have the relevant user access, you are able to update your details (with the exception of new financial institution accounts); or

- complete a Change of Details Form (available from Platinum's website or Investor Services).

The written instruction (or Change of Details Form) must be signed by an authorised signatory (or signatories where more than one is required) to the account.

You may fax or email to us or otherwise upload via the Platinum secure client website, your signed written instruction or Change of Details Form, although if you use fax or email for this purpose we ask that you phone us to verify receipt – refer to 'Facsimile, email and internet – terms and conditions' on page 13. We require your original signed written instruction or Change of Details Form if you are advising us of a new financial institution account.

## Who else can operate your investment account?

If you wish to appoint a person (or entity) as your authorised representative (agent or attorney):

- complete the Operating Authority Form (available from Platinum's website or Investor Services); or
- provide us with a valid power of attorney document. We also require the attorney to validate the authority by providing a Non-Revocation Statement (for subsequent instructions).\*

**Please be careful in making such an appointment.** Your authorised representative (agent or attorney) will be empowered to act on your behalf in all matters relating to your investment in the Fund (including making a request to withdraw or transfer part or all of your investment and change your account details).

An Investor who appoints an authorised representative (agent or attorney) will be bound by the terms and conditions outlined on page 13.

\* Non-Revocation Statement – a signed letter (from the attorney) that states: "I [name] of [address] (the Attorney) am acting under a power of attorney granted to me by [name of Investor] (the Investor) and have no knowledge of revocation or suspension of that power by the Investor or the death or mental incapacity of the Investor."

- a confirmation of any change to your personal details, generally within 10 Business Days of our receipt of your instruction;
- a holding summary (sent quarterly or annually, as elected by you) detailing all of your transactions for the reporting period;

- the quarterly investment report, which provides performance, portfolio changes, commentary and outlook for the Fund;
- an annual distribution and tax statement (and tax guide) for each financial year, generally sent by the end of July;
- upon election by you, an annual financial report (enclosing the Fund's financial statements) within 3 months of the end of the financial year;
- an annual fee statement (or otherwise when you fully exit the Fund) as prescribed by the Corporations Act; and
- a withdrawal capital gains tax statement for Australian tax resident Investors that have withdrawn units during the financial year (annually or when you fully exit the Fund).

If you invest through mFund you may also receive communication and reporting from the ASX and your licensed broker.

## Valuation of the Fund

The assets of the Fund are valued by State Street Australia Limited ("SSAL") and the NAV is calculated in accordance with the Constitution of the Fund. In normal market conditions, the assets of the Fund are valued on each Business Day. The NAV of the Fund for a Business Day is usually calculated on the next Business Day.

SSAL values Fund assets in accordance with standard market practice and market prices are electronically sourced from third party vendors such as Thomson Reuters, Markit Partners, WM Company, Bloomberg and from brokers.

If, in Platinum's opinion, the initial value of an asset as provided by SSAL is not a true reflection of the value that would reasonably be obtained if the security were to be sold in the market, Platinum has procedures and controls for reviewing, approving and documenting any changes to the initial valuation.

Platinum may also use an approved valuer to provide an independent evaluation of the fair market value of an investment.

Fund assets that are not exchange traded are valued using a price provided by SSAL or another independent third party, or otherwise determined in accordance with a valuation methodology that has been reviewed by an independent third party.

## The Fund's bank accounts

Any interest (after deduction of taxes and bank charges) accruing in the Fund's application or distribution account is an asset of the Fund (apportioned to the dollar value of applications or distributions). An Investor has no right to any net interest arising in the bank accounts.

## 2. How we invest your money

---

### **Environmental, social and governance (ESG) considerations in investing**

Platinum is a fundamental equity investor and believes that private enterprise plays a central role in wealth creation and social advancement. It is also our belief that value creation for shareholders ought to be aligned with value creation for society at large. Platinum invests with a long-term outlook (typically five years or more) and, as part-owners of the enterprises in which we invest, it is paramount to us that they maintain their social licence to operate. As such, Platinum views social and environmental sustainability as well as sound corporate governance as being vital to a company's long-term viability, growth and profitability.

Platinum's approach is focused on identifying companies whose intrinsic value is under-appreciated by the market due to temporary drawbacks or irrational market sentiments. Material ESG trends and factors can directly and indirectly impact on a company's financial performance and prospects.

To assess a company's true worth – the core of Platinum's mission, a nuanced consideration of the company's operations and operating environment is essential, and the evaluation of material ESG issues and risks, like traditional financial and operational factors, is an integral part of this exercise.

Incorporating ESG considerations into the investment process by employing a robust framework can lead to more informed and holistic investment decision-making and, ultimately, better investment outcomes for our investors.

Platinum has adopted a Responsible Investment Policy, which outlines our approach to integrating ESG considerations into our investment process, engagement with our portfolio companies as well as to proxy voting. The following is a summary of our Responsible Investment Policy.

#### **A. ESG integration in Platinum's investment process**

In incorporating ESG analysis into its investment process, Platinum employs three main integration techniques: exclusionary screening, thematic analysis and, most importantly, integrated analysis.

- 1. Exclusionary screening:** Platinum applies exclusionary screens to avoid investing in certain industry sectors. These currently include companies that are engaged predominantly in the manufacture and sale of tobacco products or military weapons as well as companies that are subject to restrictive measures under relevant sanctions programs. However, as ethical values and norms can be subjective and controversial, Platinum exercises a high degree of caution when setting exclusionary screens.
- 2. Thematic analysis and idea generation:** Many of the themes underlying Platinum's investment ideas may pertain to ESG issues, such as the transnational efforts to boost renewable energy generation and consumption, the growing demand for aged care, and regulatory reforms to curtail corruption. Platinum conducts positive and negative thematic analyses of ESG trends and drivers to generate investment ideas.

We study trends that are driving positive environmental or social change to identify the sectors and companies that are best positioned to take advantage of the opportunities by

being a contributor to or a beneficiary of the change. Conversely, when a negative ESG trend such as regressive corporate behaviour is observed, not only do we assess the ensuing financial, regulatory and other risks for the companies concerned, but we may also derive new investment ideas by considering whether competitor companies and neighbouring industry sectors might have, or gain, a competitive advantage by employing more socially or environmentally responsible strategies to achieve more sustainable outcomes.

- 3. Integrated ESG analysis in stock research:** The consideration of material ESG issues and factors is ingrained in the ways in which we seek to understand how businesses work and forms part of the fundamental research on each investment case along with traditional financial and operational factors. ESG factors are integrated into both the qualitative and quantitative analyses that ultimately lead to an assessment of the company's fair value.

The ESG factors that Platinum may examine are wide ranging and will depend on the industry concerned as well as the geographic location of the business. Environmental considerations include, for example, carbon footprint, resource depletion, and waste management. Social factors include, but are not limited to, working conditions and industrial relations, community resettlement (e.g. by mining companies or real estate developers), product safety, and cybersecurity. Governance extends to, for example, executive compensation, board independence and diversity, as well as having processes in place to prevent bribery, corruption and other malpractice. These issues can have an impact on the environment and/or communities (including employees and consumers), but they also present regulatory, operational and economic risks to the company which may potentially have a material impact on its financial performance and hence investor returns.

#### **B. Platinum's approach to engagement**

Platinum seeks to actively engage with our portfolio companies to deepen our understanding of management's views and strategies on ESG-related issues and to voice any concerns we may have about them. Our analysts will typically meet or speak with members of the management team both before we initiate a long position in a company and periodically after we invest in the company. The questions Platinum puts to management may encompass targeted questions relating to ESG factors, such as supply chain management, employee relations, environmental risk and mitigation as well as corporate governance.

Platinum will raise its concerns with management if it believes that the company is pursuing a course of action that risks jeopardising the sustainability of the business and is thus detrimental to shareholder value. However, given the diversified nature of our portfolios, we are realistic about the extent to which we can effect change through active ownership, and we may choose to exit a position in cases of material ESG risks rather than persisting with attempts to engage with an unresponsive management team.

## 2. How we invest your money – *continued*

### C. Platinum's approach to proxy voting

Voting decisions are made on a case by case basis. Given that the taking of a long position in a company generally reflects our alignment with and confidence in its management, Platinum will generally appoint management as its voting proxy unless it holds a contrary view on a particular motion.

Platinum does not participate in protest voting, and will only vote with the intention of having the motion carried. As such, unless we intend for a particular motion to be defeated, we will generally vote in favour of the motion, but may also abstain from voting on company formalities.

We will vote on significant matters, such as proposed share buy-backs, mergers and acquisitions, significant asset divestments and business reorganisations, and will exercise

our voting rights in the best interests of our Investors after careful consideration of all available information. Where deemed appropriate, Platinum may, on occasion, consult with external proxy advisors on significant resolutions. However, the ultimate decision lies with Platinum's investment team.

It is important to bear in mind that Platinum's central endeavour is to deliver positive absolute returns for our Investors over the long-term and the integration of ESG considerations into Platinum's investment process is aimed at furthering this objective. Platinum invests with an in-built sensibility to ESG issues in ways that are outlined above, but the Funds are not intended to be characterised under conforming labels such as "ethical investment" or "green fund".

## 3. Fees and costs

This document shows the fees and other costs you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of the managed investment scheme as a whole.

Taxes are set out on page 11 of this Booklet.

You should read all of the information about fees and costs because it is important to understand their impact on your investment.

Type of fee or cost	Amount	How and when paid
<b>Fees when your money moves in or out of the managed investment product</b>	Nil	
<b>Establishment fee</b> The fee to open your investment	Nil	
<b>Contribution fee</b> The fee on each amount contributed to your investment	Nil	
<b>Withdrawal fee</b> The fee on each amount you take out of your investment	Nil	
<b>Exit fee</b> The fee to close your investment	Nil	
<b>Management costs</b> The fees and costs of managing your investments		
Investment management fee*	1.35%	This fee is calculated as a percentage of the Fund's NAV. The fee is accrued daily and reflected in the Fund's daily unit price. It is paid to Platinum monthly out of the assets of the Fund.
<b>Total management costs</b>	<b>1.35%</b>	

You should use the above table to compare this product with other managed investment products.

\* The investment management fee is inclusive of GST and net of any expected reduced input tax credits. As the Fund invests predominantly in international securities, the impact of GST on management costs is currently negligible. To the extent that the GST impact on the Fund changes, for example exposure to Australian securities increases, the actual management costs figure may differ from that stated.

**Warning:** Additional fees may be payable by you if a financial adviser is consulted, or to the licensed broker or financial adviser who uses a stockbroking service on your behalf for mFund. For more details, refer to the 'Additional explanation of fees and costs' on page 9.

### 3. Fees and costs – *continued*

#### Example of annual fees and costs

This table gives an example of how the fees and costs in the Fund can affect your investment over a 1 year period. You should use this table to compare this product with other managed investment products.

Example	Balance of \$50,000 with a contribution of \$5,000 during the year	
Contribution fees	Nil	Nil
<b>PLUS</b> Management costs	1.35%	For every \$50,000 you have in the Fund you will be charged \$675 each year.
<b>EQUALS</b> Cost of the Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of <b>\$675</b> .

The example above assumes that the extra \$5,000 contribution is made on the last day of the year so that the management costs are only incurred on the original \$50,000 balance.

The above is an example. In practice, your investment balance and the value of the Fund will vary daily. The actual fee charged is based on the value of the Fund and will vary with the value of the Fund.

#### Additional explanation of fees and costs

The fees and costs sections of the PDS and this Booklet have been prepared in accordance with ASIC Class Order [CO 14/1252].

#### Management costs

The management costs for the Fund include an investment management fee. Currently, Platinum does not separately recover expenses from the Fund. Expenses and outgoings which are incurred in connection with the operation of the Fund e.g. audits costs, the costs of legal and taxation advice, costs of annual financial statements, Investor reporting and distribution, marketing and other allowable expenses, are currently paid by Platinum.

As the Fund invests predominantly in international securities, the impact of GST on the management costs is currently negligible. To the extent that the GST impact on the Fund changes, for example exposure to Australian securities increases, the actual management costs may differ from those stated.

#### Investment management fee

Platinum is entitled to receive an investment management fee of 1.35% per annum of the Fund's NAV, calculated and accrued daily, and paid to Platinum monthly.

The investment management fee is inclusive of Australian GST less any expected reduced input tax credits.

#### Total transactional and operational costs

In accordance with the Corporations Regulations, we have provided an estimate of net transactional and operational costs in respect of the 2017/2018 financial year for the Fund.

Total transactional and operational costs* (% pa of NAV)	Recovery through buy/sell spread (% pa of NAV)	Net transactional and operational costs (% pa of NAV)	For every \$50,000 you have in the Fund, you will likely incur approximately:
0.18%	(0.09%)	0.09%	\$45

\* Excludes the investment management fee.

The above information is an estimate of the transactional and operational costs incurred for the 2017/2018 financial year. The net transactional and operational costs set out above take into account the buy/sell spread recovered in respect of the 2017/2018 financial year. In practice, your investment balance, plus the Fund's volume of trading and the number and value of applications/withdrawals processed will vary from year to year.

Transactional and operational costs such as brokerage (including research), transactional taxes, settlement costs and transactional and operational costs associated with the use of derivatives are incurred when the Fund acquires or disposes of assets. The amount of these costs will vary from year to year depending on the volume and value of the trades undertaken. Transactional and operational costs are paid out of the assets of the Fund and are not fees paid to Platinum.

A portion of the total transactional and operational costs are recovered from Investors entering or exiting the Fund through the buy/sell spreads.

#### Buy/sell spreads

Buy spreads are charged to enter the Fund and sell spreads are charged to exit the Fund. They are charged because entering or exiting the Fund necessitates the buying or selling of investments, which means the Fund will incur transactional and operational costs to invest application monies received or sell assets to fund withdrawal payments.

The buy/sell spreads aim to ensure that non-transacting Investors do not pay the transactional and operational costs associated with an Investor entering or exiting the Fund. The buy/sell spreads are built into the Fund's entry and exit unit prices, respectively, and will impact the return on your investment. They are retained by the Fund and are not fees paid to Platinum.

The current buy/sell spreads are available on Platinum's website at <https://www.platinum.com.au/Our-Products/All-Products/Platinum-Global-Fund>

In circumstances where Platinum determines that Investors of the Fund are not being treated equitably (for example in stressed and dislocated markets), the buy/sell spreads may be

### 3. Fees and costs – *continued*

---

higher than our estimate. From time to time, we may vary the buy/sell spreads and we will not ordinarily provide prior notice. Any changes to the Fund's buy/sell spreads will be updated on Platinum's website at the link above.

#### **Government charges**

Government taxes such as stamp duty will be applied to your account or proceeds as appropriate.

#### **Miscellaneous fees**

Any charges to Platinum by your financial institution may be deducted from your application monies, account balance or investment proceeds (as appropriate). These include:

- cheque dishonour fees;
- electronic transfer fees (where your application monies are returned, for example we did not receive an Application Form or additional investment instruction, or we make an international funds transfer on your behalf);
- bank-tracing fees (where you don't advise us of your direct deposit or EFT to the Fund's bank account); and
- BPAY fees (where your application monies are returned, for example we did not receive an Application Form or additional investment instruction).

Each of the above fees should be no more than \$50.

Additional fees may be payable by you if a financial adviser is consulted, or to the licensed broker or financial adviser who uses a stockbroking service on your behalf for using mFund.

#### **Fees permitted under the Fund's Constitution**

The Constitution of the Fund allows for higher fees to be charged than those detailed on page 8, and specifies the circumstances in which additional fees may be charged, such as:

- a maximum contribution fee of 5% of an Investor's application amount. Currently, we do not charge a contribution fee; and
- a maximum investment management fee (excluding ongoing recoverable operating expenses) of up to 5% per annum of the Fund's NAV.

#### **Changes to fees**

We have the right to increase the fees or to charge fees not currently levied, or charge fees more regularly, up to the maximum limits set forth in the Fund's Constitution. If we choose to exercise this right, we will provide you with 30 days prior notice.

#### **Differential Fees**

In accordance with the ASIC Corporations (Registered Schemes – Differential Fees) Instrument 2017/40, Platinum may, in its discretion and in accordance with applicable law, negotiate and agree a lower investment management fee or a rebate or a waiver of part of its investment management fee for:

- a wholesale client within the meaning of section 761G of the Corporations Act; or
- an employee of Platinum or a related body corporate, provided that the number of votes that may be cast on a resolution of the Fund's Investors by Investors who are employees, is not more than 5% of the total votes that may be cast by the Fund's Investors.

#### **Financial adviser fees**

We do not pay service fees or commissions to financial advisers. You may agree to pay your financial adviser a fee for any financial advice that they provide to you.

#### **Fees for indirect investors**

For investors who access the Fund through an Investor Directed Portfolio Service ("IDPS"), IDPS-like scheme or a nominee or custody service (collectively referred to as "master trusts" or "wrap accounts"), additional fees and costs may apply. These fees and costs are stated in the offer document provided by your master trust or wrap account operator. These fees are not paid to Platinum.

#### **Additional payments made by Platinum**

We may make product access payments (flat dollar amounts) to the operators of master trusts and wrap accounts who distribute the Fund on their investment menu. We may also provide certain payments or other non-monetary benefits to dealer groups and other financial services licensees to the extent it is permitted under law. All payments and non-monetary benefits referred to herein are funded by Platinum out of our own resources, and are not an additional cost to you.

#### **Soft dollar arrangements**

We may, in accordance with applicable laws, receive goods and services (such as third party research) paid for by brokers where such goods and services assist us in managing the Fund. These payments and benefits are not an additional cost to you.

## 4. How managed investment schemes are taxed

---

The following information summarises some of the taxation issues you should consider before making an investment.

The information is intended for use by Investors who hold their Units in the Fund on capital account. It should be used as a guide only and does not constitute professional tax advice as individual circumstances may differ. The taxation of a unit trust investment such as the Fund can be complex and may change over time. The comments below are current as at the date of preparation of the PDS and this Booklet. Please consult your tax adviser about the specific implications relevant to your situation.

### Tax position of the Fund

#### General

The Fund is an Australian resident trust estate for Australian tax purposes.

Although the Fund has a wide range of authorised investments, Platinum will only engage in 'eligible investment business' as described in section 102M of the Australian Income Tax Assessment Act 1936, as amended. On this basis, the Fund should not be a 'public trading trust' and so should not be taxed as a company.

#### Election into AMIT Regime

The Fund should qualify as a Managed Investment Trust ("MIT") and further qualify as an Attribution Managed Investment Trust ("AMIT"). The Responsible Entity elected into the AMIT regime for the Fund with effect from 1 July 2017.

In income years that the Fund does not meet the requirements to be an AMIT, tax outcomes for Investors may differ to those set out below, and you should seek your own advice.

Generally, no Australian income tax will be payable by the Responsible Entity on behalf of the Fund on the basis that the Fund's assessable trust components will be attributed to Investors on a fair and reasonable basis each income year under the AMIT regime.

In the case where the Fund makes a loss for Australian tax purposes, the Fund cannot attribute or distribute the loss to Investors. However, subject to the Fund meeting certain conditions, the Fund may be able to recoup revenue losses against assessable income of the Fund in subsequent income years. Capital losses incurred by the Fund can generally be carried forward and offset against the capital gains of the Fund derived in subsequent income years.

#### Deemed Capital Gains Tax ("CGT") election

The Fund has made the election to apply deemed capital account treatment to gains and losses on the disposal of eligible investments (including equities and units in other trusts, but generally not derivatives, debt securities and foreign exchange contracts) in respect of income years where it is an eligible MIT. On this basis, realised gains and losses of the Fund on the disposal of eligible investments should be treated as capital gains and losses. Where the eligible investments have been held for 12 months or more (excluding the date of acquisition and date of disposal), the Fund should be entitled to a 50% capital gains discount concession in respect of any nominal gain. Capital losses must be offset against the 'grossed up' or nominal gain before the 50% discount is applied.

### Controlled Foreign Company ("CFC") provisions

There are certain tax rules (i.e. the CFC provisions) that may result in assessable income arising to the Fund in relation to certain investments that the Fund holds in overseas companies and trusts. This means that the assessable income of the Fund may include unrealised gains and undistributed income from overseas investments.

The Responsible Entity will endeavour to manage the portfolio held by the Fund such that the CFC provisions should not apply to the Fund.

### Tax reform

Reforms to the taxation of trusts are ongoing. The Responsible Entity will continue to monitor the progress of such developments and the impact on the Fund. However, given these developments may impact on the tax position of the Fund and their Investors, it is strongly recommended that Investors seek their own professional advice in relation to the potential impact of any reforms on their tax position.

### Tax position of Australian resident Investors

#### General

Australian resident investors will be taxed on the assessable trust components attributed to them under the AMIT regime, even where amounts are not distributed in cash or are reinvested.

#### Attribution of taxable income

Investors in the Fund will be provided with an Attribution MIT Member Annual ("AMMA") Statement (generally in July each year) indicating the relevant taxation information for the financial year.

Amounts attributed by the Fund may include various components, the taxation treatment of which may differ. For example, in addition to investment income such as foreign income, the Fund may attribute net capital gains (of which some part may be discount capital gains) and tax offsets.

Given the investment objective of the Fund, it is anticipated that the majority of the Fund's income will be foreign income. You may be entitled to a foreign income tax offset for foreign tax already paid by the Fund in respect of this income. Both the foreign income and any related foreign income tax offsets should be included in your tax return.

Any capital gains distributed by the Fund should be included in the calculation of your net capital gain or loss. In performing this calculation, any discounted capital gains distributed by the Fund should be 'grossed-up' (i.e. the amount of the discounted capital gain should be doubled). You should then determine whether you are eligible to apply a CGT discount in respect of the distributed gains (refer below under 'Withdrawal and disposal of units').

Where the distribution made or reinvested is less than (or more than) the certain tax components attributed to Investors, the cost base of an Investor's units may be increased (or decreased). Details of cost base adjustments will be included on the AMMA Statement. Should the cost base of an Investor's units be reduced below zero, the amounts in excess of the Investor's cost base should be a capital gain that should be included in the Investor's calculation of your net capital gain or loss for the income year.

## 4. How managed investment schemes are taxed – *continued*

---

### **Withdrawal and disposal of units**

If you withdraw or transfer units in the Fund, this may constitute a CGT event for tax purposes.

Investors should include any realised capital gain or loss on disposal of their units (together with any capital gains attributed by the Fund) in the calculation of their net capital gain or loss. A net capital gain will be included in assessable income. A net capital loss may only be offset against capital gains. If Investors do not have any capital gains, a capital loss may be carried forward for offset against capital gains of subsequent years, but may not be offset against ordinary income.

In calculating the taxable amount of a capital gain, a discount of one half for individuals and trusts or one third for complying superannuation entities of the “grossed up” amount of the gain after offsetting capital losses of the current or prior year, may be allowed where the units in the Fund have been held for 12 months or more (excluding the date of acquisition and date of disposal).

The calculation of an Investor’s capital gain or loss may also be affected by any cost base adjustments disclosed on the AMMA Statements received (refer above).

Where units are held as part of a business of investing or for the purpose of profit making by sale, gains realised may constitute ordinary income and losses realised may constitute allowable deductions.

### **Tax position of non-resident Investors**

Appropriate deductions of Australian withholding tax will be made from distributions of Australian sourced income and certain gains to non-resident Investors. Non-resident Investors may also be subject to tax on distributions in their countries of residence (for tax purposes) and may be entitled to foreign tax credits under the tax laws of the relevant country.

It is expected that non-residents should generally not be subject to Australian CGT on the disposal of units in the Fund.

Broadly, a non-resident Investor in the Fund will be subject to CGT on the disposal of units if they, together with any associates, hold or had an option or right to hold 10% or more of the units in the Fund at the time of disposal or throughout a period of 12 months during the two years prior to disposal, and the majority of the Fund’s assets comprise taxable Australian real property. In this regard, it is not expected that the Fund will hold taxable Australian real property.

A non-resident may also be subject to CGT where the units in the Fund have been held as part of the carrying on of a business through a permanent establishment in Australia.

If the non-resident Investor holds units as part of a business of investing or for the purpose of profit making by sale, gains may be subject to Australian tax as ordinary income, subject to any relief provided under a Double Tax Treaty that the Investor’s country of tax residence has with Australia.

We recommend that non-resident Investors consult their tax adviser regarding their tax implications, including the tax implications in the country in which they are a resident for tax purposes.

### **New Zealand Investors**

New Zealand Investors, who hold units in the Fund, will generally be deemed to hold an interest in a Foreign Investment

Fund (“FIF”) unless the interest falls within the very limited FIF exemption for certain Australian unit trusts. This exemption will not apply to this Fund.

New Zealand Investors will need to calculate their FIF income each year under one of five calculation methods, being: fair dividend rate method; comparative value method; attributable FIF income method; deemed rate of return method; or cost method.

The default method is the 5% Fair Dividend Rate (“FDR”). Under this method, most investors are taxable each year on 5% of the opening market value of their investment in the Fund. Special calculation rules apply to unit trusts or similar type investors who value their units on a regular basis.

Under the FDR method, dividends or any gain on disposal are not separately taxed in New Zealand. Individuals and family trusts have a “safety net” option, which allows these investors to be taxed on the actual return if it is between 0-5%. No deduction is available for any losses under the FDR method.

Quick sale rules apply to units bought and sold during the income year which result in the investor being taxable generally on the lesser of any gain on the quick sale and 5% of the cost of shares (determined on an average cost basis).

A de minimis concession applies to individual investors who hold offshore shares (excluding certain Australian listed shares) with an aggregate cost of up to NZ\$50,000. Individual Investors may choose whether to apply the NZ\$50,000 threshold, in which case they will be taxable on dividends only (unless they are revenue account Investors). Alternatively, they may elect to apply the FIF rules as this may result in lower taxable income.

### **Closely held trusts**

Broadly, where the Fund’s top 20 Investors own 75% or more of the Fund’s issued units, it will be deemed a “closely held trust”. If this occurs, Platinum will be obligated to provide to the ATO details of each Investor who is a trustee of another trust (where that Investor is acting in its capacity as a trustee of another trust). Failure to disclose such information to the ATO will result in the untaxed part of the relevant Investor’s share of the Fund’s net income (to which they are entitled) being taxed at the highest marginal tax rate, plus Medicare levy.

The Fund may, at times, be a “closely held trust”. Prospective investors will therefore be required to indicate on the Application Form whether or not they are acting as trustee of another trust and (if so) provide details of the ultimate beneficiaries.

The Fund’s Constitution permits Platinum to recover any tax levied, or which may be levied, by the ATO in respect of your investment.

### **Goods and Services Tax (“GST”)**

GST should not be payable on your investment in the Fund.

GST will apply to the fees and costs charged to the Fund. However, in respect of some of these fees, the Fund will usually be entitled to reduced input tax credits. The costs and fees payable in relation to your investment in the Fund as stated in this Booklet are inclusive of GST.

GST will not be applicable to the buy/sell spread payable in relation to the Fund.

## 5. Additional information

You agree to the following terms and conditions when appointing an authorised representative (agent or attorney):

- To nominate an authorised representative (agent or attorney) to operate your investment account, you must provide to us an original and complete Operating Authority Form or valid power of attorney document.
- A valid power of attorney document is an original document or a certified copy of that document that looks ‘on its face’ to be a complete power of attorney given by the Investor. A certified copy must have an original signature of an Authorised Certifier – i.e. a person permitted by Australian law to witness a statutory declaration\*. The Authorised Certifier is required to: check that the copy is a true and complete copy of the original document; certify this by writing and signing a statement on front of the copy – “I [name] [occupation] certify this to be a true and complete copy of the original [name document]”; and sign each page of the copy.

- The exercise of any of the powers by a person reasonably believed by Platinum to be your authorised representative (agent or attorney) or authorised to act on behalf of the authorised representative (in the case of an entity appointed as your authorised representative), will be treated as if you (the Investor) had personally exercised those powers.
- Your authorised representative (agent or attorney) does not have the power to appoint another or different authorised representative (agent or attorney) to act on your behalf.
- You indemnify us from and against all losses, liabilities, actions, proceedings, claims and demands arising from instructions (we receive) from your authorised representative (agent or attorney) whether or not your authorised representative (agent or attorney) was acting as authorised by you.
- We reserve the right not to accept an instruction from your authorised representative (agent or attorney).

## 5. Additional information – *continued*

---

- You will provide us with an original signed instruction to cancel your appointment of an authorised representative (agent or attorney).
- An additional appointment by you will void any previously appointed authorised representative (agent or attorney).

\* Please refer to page 44 of the Application Form for a list of persons who are authorised to certify documents.

### Applications by Minors

A person under the age of 18 (a “**Minor**”) may invest in his / her own name in the Fund. However, we require the legal personal representative, parent or guardian of the Minor to provide a written notice stating: they have consented to the opening of the Minor’s account; their name and address (i.e. of the legal personal representative, parent or guardian); and the name, address and date of birth of the Minor. Platinum will not process a Minor’s application without this notice.

### Tax File Number

The collection of your Tax File Number (“**TFN**”) is authorised by Australian law. It is not an offence if you choose not to quote your TFN.

However, for administrative reasons, Platinum will not accept an application from an Australian investor where a TFN is not quoted (unless an exemption is notified).

### Survivorship and joint ownership

Upon notice of an Investor’s death (where the investment is held by one individual), units will be dealt with as part of the Investor’s estate. Generally we will only pay to the executor, who will distribute to beneficiaries accordingly.

Where an account is held in the name of two or more individuals, the investment will be recorded as joint ownership. If one of the joint owners dies, units will be automatically held in the name of the survivor(s) upon notice of death.

### Investor liability

The Fund’s Constitution provides that, to the extent permitted by law but subject to the Fund’s Constitution, each Investor’s liability to Platinum or the Fund is limited to the amount, if any, which remains unpaid in relation to the Investor’s application for their units. This is subject to any separate agreement between an Investor and Platinum. However, the courts are yet to determine an Investor’s liability and so no absolute assurance can be given.

### Limitation of liability and indemnity

To the extent permitted by law, if Platinum acts in good faith without fraud or dishonesty, Platinum is not liable for any loss to any person (including an Investor) arising out of any matter relating to, or connected with, the Fund. In any case, to the extent permitted by law, the liability of Platinum in relation to the Fund is limited to the assets, from which Platinum is entitled to be, and is in fact, indemnified. In particular, Platinum is not liable for any loss arising out of a matter where:

- it relied in good faith on the services of, or information or advice from, or purporting to be from, any person appointed by Platinum; or
- it acted or refrained from acting as required by law; or
- it relied in good faith on any signature, marking or documents.

In addition to any indemnity under any law, but subject to the Corporations Act, Platinum has a right of indemnity out of the Fund, in respect of any liability incurred by Platinum in properly performing or exercising any of its powers or duties in relation to the Fund. Such right of indemnity will not be lost or impaired by reason of a separate matter. The right of indemnity continues after Platinum retires or is removed as Responsible Entity of the Fund.

Platinum is not required to do anything (including enter into any contract or commitment) which involves it incurring any liability unless its liability is limited in a manner satisfactory to it in its absolute discretion.

### AML/CTF legislative requirements

As required by Australian Anti-Money Laundering and Counter-Terrorism Financing (“AML/CTF”) laws, Platinum has implemented AML/CTF compliance and monitoring programs. Accordingly, we must (at various times, including before Platinum can issue units in the Fund to an investor) collect certain customer information and verify that information. Verification of that information may require us to also collect identification documentation from investors and beneficial owners of certain investors. Customer identification information may include the following:

- if the investor is a natural person, name, address and date of birth;
- if the investor is a business entity, details of directors and beneficial owners;

- if the investor is a trustee, details of the trust, beneficial owners, beneficiaries and settlor; and
- additional information concerning business activities, structure and sources of funds.

Platinum may also require current Investors to provide updated or additional information from time to time. At times we may be obliged to disclose such information and documentation to Australian regulatory and/or law enforcement agencies.

The Application Form has been designed to comply with the minimum legal requirements.

If you apply through mFund, your licensed broker has the obligation to perform the AML/CTF verifications. Your licensed broker will notify Platinum when the AML/CTF requirements have been met by you.

Australian law may require Platinum to seek further information from an investor before accepting or processing an application or withdrawal.

Platinum will refuse to accept an application from, or issue units in the Fund to, an investor until Platinum has satisfactorily concluded a customer identification procedure in relation to the investor. Platinum may also delay or refuse any application, request or transaction, if Platinum is concerned that the application, request or transaction may cause it to contravene the *Anti-Money Laundering and Counter-Terrorism Financing Act 2006* (Cth). Platinum will incur no liability to an investor (including an applicant) if it does so.

### FATCA

The Foreign Account Tax Compliance Act (“FATCA”) is a US law enacted to reduce offshore tax evasion by US Persons. It imposes certain due diligence and reporting obligations on foreign (non-US) financial institutions. The Australian and US governments entered into a Model 1 Inter-Governmental Agreement (“**Australian IGA**”) on 28 April 2014 to facilitate the application of FATCA to Australian Financial Institutions (“**AFIs**”). The Australian IGA was given effect under the Tax Laws Amendment (Implementation of the FATCA Agreement) Act 2014 (Cth) (FATCA Act) and has generally applied to AFIs from 1 July 2014.

AFIs are required, subject to any applicable thresholds or exemptions, under the FATCA Act to collect, identify and report to the Australian Taxation Office (“**ATO**”) various account-related information of certain investors identified as US tax residents or citizens.

Accordingly, in order to comply with FATCA, Platinum is required to collect information from all investors as per Section 8 of the Application Form attached to the PDS. Where FATCA information is not provided, an investor (and its relevant account-related information) may be reported to the ATO.

### OECD Common Reporting Standard

Australia has implemented the Organisation for Economic Co-operation and Development Common Reporting Standard (the “**CRS**”) for automatic exchange of information which is a single global standard for the collection and reporting of information by Financial Institutions (as defined for CRS purposes) on non-resident account holders. The CRS have applied in Australia since 1 July 2017. The Responsible Entity

is responsible for complying with the requirements of the CRS and may need to obtain further information from investors for this purpose. Please refer to section 10 of the Application Form.

### **Mortgagee interests / margin lending**

Platinum will not recognise any security interest (notice of mortgage, etc) over any unit holdings in the Fund.

If you invest in the Fund through a margin lender, you are directing the margin lender to arrange for your monies to be invested in the Fund on your behalf. Accordingly, you do not acquire the rights of an Investor in the Fund. Platinum recognises the margin lender as the Investor with the rights to acquire, transfer or realise units in the Fund on your behalf according to your contract with the margin lender. As an investor in a margin lending product, you must read the PDS in that context.

When you invest through a margin lender and wish to make additional investments, realise your investment, or transfer your investment to another person, you will have to direct the margin lender to do so on your behalf. All correspondence and dealings in your investment will be through the margin lender. Online access is also obtained via the margin lender.

Platinum accepts no responsibility for the actions of the margin lender (without limitation) or, for any failure on the part of the margin lender in respect of its administration, payment of income or other distributions, payment of withdrawal proceeds, fees charged or the efficiency or viability of the margin lending product.

### **Indirect investors**

When you access the Fund through an IDPS or IDPS-like scheme (commonly, a master trust or wrap account) you are directing the operator of the IDPS or IDPS-like scheme to arrange for your monies to be invested in the Fund on your behalf. Accordingly, you do not acquire the rights of an Investor in the Fund. The operator (or its custodian / nominee) is the Investor and acquires these rights and can exercise, or decline to exercise them, on your behalf according to the arrangements governing the IDPS or IDPS-like scheme. As an investor in the IDPS or IDPS-like scheme, you must read the PDS in that context.

When you invest through an IDPS or IDPS-like scheme and wish to make an additional investment, realise your investment, or transfer your investment to another person, you will have to direct the operator of the IDPS or IDPS-like scheme to do so on your behalf.

Platinum accepts no responsibility for the actions (without limitation) of the IDPS or IDPS-like scheme operator, or for any failure on their part in respect of administration, payment of income or other distributions, payment of withdrawal proceeds, fees charged or the efficiency or viability of the IDPS or IDPS-like scheme.

Specifically, Platinum's agreement to permit the naming of the Fund in the product disclosure statement issued by the IDPS operator or IDPS-like scheme, or list of investments that may be accessed via the IDPS or IDPS-like scheme, does not signify an endorsement by Platinum, or our support for, the IDPS or IDPS-like scheme.

### **Cooling-off**

Investments of less than \$500,000 in the Fund (that are not otherwise made by a 'wholesale client' as defined by the Corporations Act) give rise to a cooling-off right.

It provides the Investor with a 14 day cooling-off period to decide if the investment in the Fund is right. The 14 day period commences on the earlier of the date of receiving the transaction confirmation or the fifth day after the investment is processed.

A cooling-off right will not arise in certain circumstances, including where units are issued pursuant to an additional investment, a Regular Investment Plan, or as part of a distribution arrangement. It is also not available to indirect investors.

If cooling-off is exercised, the amount repaid will be based on the applicable exit unit price (meaning the increase or decrease in the value of your investment will be taken into account).

The repayment of your investment may create a taxable gain or loss. We recommend that you seek professional advice from your financial and/or tax adviser.

### **Complaints**

Platinum has standard arrangements in place for the handling of complaints. If you have a complaint about your investment in the Fund, please contact Investor Services. We will acknowledge a complaint within four Business Days and will make every effort to resolve your issue within 30 days.
