¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. This statement outlines PAI's governance arrangements and practices. It is current as at the balance date of 30 June 2024 and was approved by the Board on 22 August 2024 (Statement).

The investment objective of PAI is to provide capital growth over the long-term by investing primarily in listed undervalued securities of companies in the Asian region (ex-Japan) across sectors.

The PAI Board of directors (Board) and its delegated committees periodically review their governance arrangements and practices to ensure they are in line with regulatory requirements and industry expectations, and continue to support PAI's objectives.

PAI's governance arrangements have been consistent with the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations 4th edition (ASX Principles and Recommendations) throughout the reporting period, being 1 July 2022 to 30 June 2024, except where otherwise expressly stated.

This Statement reports PAI's compliance with the ASX Principles and Recommendations.

More information on PAI's corporate governance arrangements, including this Corporate Governance Statement and Appendix 4G, is available under the 'Board & Governance' tab at www.platinumasia.com.au

Principle 1 / Laying solid foundations for management and oversight

Roles and responsibilities of the Board

The Board recognises its overriding responsibility to act honestly, fairly, diligently and in accordance with its Constitution, the ASX Listing Rules and under Australian laws. The Board Charter sets forth the Board's roles and responsibilities. A summary of the Board's key responsibilities is provided below:

- Defining PAI's purpose and setting its strategic direction and objectives;
- Approving and monitoring PAI's capital management strategy;
- Reviewing Board succession and composition;
- Overseeing the integrity of the financial statements and reporting and approving accounting policies;
- Approving the appointment of the external auditor and the audit plan of the external auditor;
- Approving PAI's risk appetite and ensuring that Platinum and PAI's other material service providers operate within it;
- Ensuring that an appropriate risk management and control framework is in place;
- Ensuring that PAI operates in compliance with its Constitution and legal and regulatory obligations.

Further information on the responsibilities of the Board is detailed in the Board Charter and Constitution, under the 'Board & Governance' tab at www.platinumasia.com.au

Responsibility of management

PAI does not have any employees and outsources investment management and administration services to Platinum.

Nomination and appointment of directors

The appointment of new directors is conditional upon passing screening checks relating to their experience, education, criminal and bankruptcy history. PAI also conducts criminal and bankruptcy checks on directors seeking re-election at an Annual General Meeting (AGM) prior to the Board supporting their re-election.

Any director who has been appointed during the year to fill a casual vacancy must stand for election at the next AGM. Additionally, any director must retire and may seek re-election at the third AGM after they were elected or last re-elected.

PAI provides shareholders with supporting information on directors seeking election or re-election including, directors' qualifications and experience, material directorships, length of tenure, the Board's assessment of independence, and a statement from the Board as to why it supports the election or re-election.

All PAI directors are engaged according to written directors' services agreements.

Board renewal

During the reporting period the Board was comprised of three directors, all being independent non-executive directors (Margaret Towers (Board Chair), Ian Hunter and Richard Morath).

The Board regularly reviews Board succession and in accordance with PAI's Constitution, directors are elected for a three-year term.

In accordance with the Constitution, Richard Morath, will retire and seek re-election at the 2024 AGM. Details of his skills and experience are set out in the 2024 Annual Report and will be included in the Notice of AGM. The Board considers Richard's deep experience in the financial services, funds management and banking sectors is an asset to the Board. The re-election of Richard Morath is unanimously supported by all other directors.

The qualifications and tenure of each director are included in the 2024 Annual Report (on page 8). The current directors' biographies are also available under the 'Board & Governance' tab at www.platinumasia.com.au

Company Secretary

The Company Secretary is accountable to the Board, through the Chair, for all corporate governance matters to do with the proper functioning of the Board.

The Company Secretary is responsible for advising the Board and its Committees on corporate governance matters and continuous disclosure, ensuring that Board and Committee policies and procedures are updated and complied with, co-ordinating the timely despatch of Board and Committee papers, ensuring that the business at the Board and Committee meetings is accurately recorded and helping to organise and facilitate the induction and professional development of the directors.

Each director has unrestricted access to the Company Secretary and vis a versa. The appointment and removal of the Company Secretary is by the Board.

The biography of the Company Secretary is available under the 'Board & Governance' tab at www.platinumasia.com.au

Diversity and inclusion

PAI currently has no employees and given the size of the Board, a standalone diversity policy has not been established.

During the reporting period PAI's Board composition met the gender diversity objective recommended for the S&P/ASX 300 companies with over 30% of the Board composition being female.

Performance assessments

Board and individual directors

Under the Board Charter, the Board is required to review its performance at least annually against previously agreed quantitative and qualitative indicators. This review is supported by a detailed director confidential survey on a range of topics including the role of the Board, Board composition, skills, Board renewal and succession, Board collective performance and the Chair's performance. The results of the survey are used by the Board Chair to conduct one on one performance discussions with each of the other directors. Once the Board Chair has conducted these reviews, a summary report is provided to the Company Secretary for review of any key issues or areas of concern.

The Chair of the Audit, Risk and Compliance Committee or another director conducts a one on one performance discussion with the Board Chair and notifies the Company Secretary of the outcome.

The Board assessments and director reviews were conducted during the reporting period. The Board takes the results into consideration when recommending directors for re-election.

Performance of Committees

The two established Board Committees (Audit, Risk and Compliance Committee and Due Diligence Committee) conduct reviews against their Charters annually. These reviews were conducted during the reporting period and the results were provided to the Board for information.

Senior executives

PAI does not have any employees or senior executives.

Principle 2 / Structure the Board to be effective and add value

Nomination Committee

Having regard to the nature and scale of PAI's activities, the Board has not established a separate nomination committee. Instead, Board composition and succession issues are addressed by the Board as part of its responsibilities under the Board Charter.

Board skills matrix

The Board seeks to ensure it has an appropriate mix of skills, experience and expertise to enable it to discharge its responsibilities effectively and to add value.

The Board has created the following board skills matrix, capturing the key skills and other attributes which it believes are needed for robust decision-making and the effective governance of the

Company. The matrix is reviewed and updated periodically to ensure that it addresses existing and emerging business and governance issues relevant to the Company. Every year, each director undertakes a self-assessment of their own attributes with reference to the matrix.

The following table sets forth the key skills and experience identified by the Board as being most relevant to the needs of the Company and the extent to which they are collectively represented by the Board, as assessed during the reporting period.

Skill / experience	Description	Minimum Rating (Collective)	Board Rating (Collective)

Under the Directors’ Independence Policy, the Board is required to conduct an annual assessment of each director’s independence status, where each director abstains from assessing their own independence. This review was conducted during the reporting period and it was assessed that each director was independent.

The names, independence status and tenure of each director have been included in the 2024 Annual Report (on page 8) and are also available under the ‘Board & Governance’ tab at www.platinumasia.com.au

Directors receive regular briefings from Platinum management (and in some cases external advisers) on material developments in laws, regulations and accounting standards which are relevant to PAI.

The BROC communicates the appropriate standards of behaviour and informs staff of their responsibilities with respect to legal, compliance, confidentiality, privacy, conflicts of interest, investment activities and operational processes.

All new staff members at Platinum receive induction training in relation to the BROC and are required to sign an annual declaration confirming their ongoing compliance.

Compliance with the BROC is monitored by Platinum’s Compliance and Risk team and any material breaches (to the extent that such are relevant to PAI) are reported to the Board.

the law. All directors sign an annual declaration stating that they have adhered to the Directors' Code of Conduct. This declaration was made by each director during the reporting period. Any breaches of the Director's Code of Conduct are reported to the Board.

The Shareholder Communications Policy is available under the 'Corporate Governance' tab at www.platinumasia.com.au

Shareholder meetings

PAI holds an AGM for shareholders generally in October or November each year. A notice of meeting, which includes the date, time and venue for the meeting as well as the resolutions to be
