#### NOTES TO THE FINANCIAL STATEMENTS

For the Half-Year ended 31 December 2009

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The general purpose financial report for the interim half-year reporting period ended 31 December 2009 has been prepared in accordance with AASB 134: *Interim Financial Reporting*, other mandatory professional reporting requirements and the *Corporations Act 2001*.

The interim financial report does not include all the notes of the type normally included in the annual financial report.

Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2009 and any public pronouncements made in respect of Platinum Asset Management Limited and the entities it controls during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The balance for "cash and cash equivalents" included in the Balance Sheet includes short-term deposits held with licensed Australian banks. All bank deposits held at 31 December 2009, have maturities of less than 40 days from the date of execution and are considered "cash equivalents" pursuant to AASB 107: *Statement of Cash Flows*. In addition, the consolidated entity holds bank certificates of deposit (also with licensed Australian banks). These have a maturity of greater than three months from the date of execution and are not considered as "cash equivalents" pursuant to AASB 107. Bank certificates of deposit are disclosed separately in the Balance Sheet.

The consolidated entity has adopted AASB 8: *Operating Segments* for annual (and interim) reporting periods commencing on or after 1 January 2009. AASB 8 replaces AASB 114: *Segment Reporting*. The new standard requires a management approach under which segment information is presented on the same basis as that used for internal reporting purposes.

Other than AASB 8, the accounting policies adopted are consistent with those of the 30 June 2009 Annual Report.

#### 2. SEGMENT INFORMATION

The consolidated entity is organised into one main operating segment with only one key function, being funds management. It generates management and performance fees from Australian investment vehicles and its US-based investment mandates.

#### 3. FINANCIAL ASSETS HELD AT FAIR VALUE THROUGH PROFIT OR LOSS

As the auditor of Platinum Asset Management Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. It also includes reading the other information included with the financial report to determine whether it contains any material inconsistencies with the financial report. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

While we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our review was not designed to provide assurance on internal controls.

Our review did not involve an analysis of the prudence of business decisions made by Directors or management.
