The Company has adopted AASB 8: *Operating Segments* for annual (and interim) reporting periods commencing on or after 1 January 2009. AASB 8 replaces AASB 114: *Segment Reporting*. The new standard requires a management approach under which segment information is presented on the same basis as that used for internal reporting purposes.

Other than AASB 8, the accounting policies adopted are consistent with those of the previous financial year and the corresponding interim reporting period. Comparative information has been reclassified where appropriate to enhance comparability.

7. Investment Manager

The Investment Manager, Platinum Investment Management Limited, receives a monthly Management fee for investment services provided in accordance with the Investment Management Agreement. This Agreement provides for a Management fee payable monthly and calculated at 1.5% per annum of the Portfolio Value (which includes cash and deposits).

A Performance fee is payable at 10%, if at 30 June 2010, the amount by which the Portfolio's annual performance exceeds the return achieved by the MSCI plus 5% (MSCI is the Morgan Stanley Capital International All Country World Net Index in A\$). Where the Portfolio's annual performance is less than the MSCI, the amount of the underperformance is aggregated, carried forward and deducted from the annual performance in the subsequent year before calculating any Performance fee for that year. The aggregate of underperformance is carried forward until a Performance fee becomes payable.

At 31 December 2009, the half-year pre-tax performance of the portfolio was positive 8.68% and the corresponding MSCI was positive 10.85%. This represents an underperformance of 2.17% against the MSCI. This does not represent an outperformance after the 5% MSCI hurdle. Accordingly, a Performance fee has not been accrued.

The Investment Manager is to be paid a lump sum termination fee of 1.5%, calculated on the value of the Portfolio on the first day of the month in which termination is effective. The fee is not payable if the termination results from the default or insolvency of the Investment Manager. Additionally, a Performance fee is payable for the period from the last calculation of the Performance fee (as described above) to the date of termination.

Fees paid and accrued for the half year is shown in the table below:

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of an Interim Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Company's financial position as at 31 December 2009 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Platinum Capital Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. It also includes reading the other information included with the financial report to determine whether it contains any material inconsistencies with the financial report. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

While we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our review was not designed to provide assurance on internal controls.

Our review did not involve an analysis of the prudence of business decisions made by Directors or management.
